## NINE DIE IN PLANE CRASH AT GLENVIEW

### Wheeling Man Victim of Error of Pilot on World Fair Cruise

Nine persons, including an airplane pilot and mechanic living in Wheeling, Harrison E. Jacobs, met a horrible death late Sunday afternoon south of Glenview, as a big amphibian plane from the World's Fair, with broken wing, hit the ground, the gasoline tank exploding, flames enveloping the wreck and burning the wreckage, screaming people almost beyond identification. As the pilot had "gunned" the motor and brought the ship almost to the ground it appears that it was the breaking and exploding of the gasoline tank, which held about 250 gallons, that was a cause of the death of the nine, as well as the actual crash, according to the stories of witnesses.

The accident occurred in the field of Henry Honold on Harrison street, just north of Harlem Park. Immediately following the crash Officer Kilroy of Glenview called the fire department and gave warning that something serious was the matter by blowing his siren up and down Waukegan road. The fire department did what they could to extinguish the flames, though they were working under serious difficulty since the flames were so intense and there was no fire hydrant to make connection with the hose. People were running from all directions to the scene of the accident, and cars were driving across clover and corn fields.

Many of the visitors proved to be souvenir hunters who disregarded the awfulness of the accident to procure bits of the aeroplane to take home with them. The efforts of the police to check the vandals proved to be ineffective.

Mr. Burt Clavey, one of the first to reach the scene stated that one could not assist in rescue work because of the intense heat of the burning gasoline. Mr. Ray Long and Mr. Ralph Lowen on Waukegan road stated that the aeroplane seemed crippled even before they could see the left wing suddenly crumple and the ship drop to the earth. Mr. Roy Wikom witnessed the crash from his front porch and rushed to the scene to give assistance, but found it too hot to work. Many others gathered at the pyre blocking Harrison avenue and stampeding across freshly planted fields.

The plane, originally bought by the Public Service company in 1929 at a cost of \$53,000, was nominally owned by C. E. Bennett, a Public Service company official, and leased to the Pal-Waukee airport south of Wheeling, for use in their riding concession at a Century Progress. Business was good Sunday, as the day was hot, and it was one way to cool off. The powerful cold wind from a high pressure area in the north suddenly hit the Chicago area, whipping up high waves on the lake. The load of passengers in the air at the time landed all right, but when the next load came back onto the water, a wave smashed the right pontoon, to which wing supports were attached. Not realizing the danger, apparently, the pilot, Carl Vickery, flew the plane up in the air again, and appeared to be making for the Curtiss Airport, expecting to land with the retractable wheels, and get repairs.

But nearing Glenview, the right wing, weakened by the breaking of its supports below, gave way, the pontoon fell off and with a tailspin, the pilot making desperate efforts to ease the drop, the plane fell, hitting on a wing, turning over and exploding.

Mr. Jacobs had been employed three years at the airport, and had been six years a member of the coast guard. He leaves a widow, Mrs. Florence Koehler Jacobs, and a three-year old son, Allen. His home town was Benton Harbor, Mich. A brother, also a flyer, was killed five years ago in a plane crash there.

The passengers were from widely separated parts of the country. Identification is not complete, but work being reported in the hope that dentists and county authorities are investigating the wreck in the hope that a study of the findings may reveal defects in the plane that can be avoided in future construction; the breaking of the propeller of the left motor is a matter for study. The bodies were taken to Haupt's undertaking rooms in Glenview. The elaborate inquest, held Monday in the Glenview Village hall, was continued until yesterday. Local people and Duncan Hodges, manager of the airport, testified.

### Heidorn to Make Own Ice Cream and Sherbet

Gus Heidorn will hereafter manufacture his own ice cream and sherbet right before the public's eye. The machinery and equipment is being installed this week and he hopes to have it in operation by Saturday. Full details of the new cream will appear in next week's issue.

### WARNING TO USERS OF PRINTING

Sharp advances in cost of some paper stock and the certain increase in cost of other lines makes it advisable to our customers to anticipate their printing needs. The paper jobbers tell us that the advance is directly caused by President Roosevelt's program of increased salaries and the influence he is exerting upon the producers of raw materials in many lines aside from paper products.

This firm is not adverse to increased salaries for the working man but in view of increase cost of paper to the printing industries a rise in printing prices is certain.

## MRS. J. ALLEN, TEACHER OF PIONEERS, GONE

### Life of 97 Years Was Linked With Early History Here

Mrs. Josephine Allen, 506 N. Dunton street, Arlington Heights, a member of the First Methodist Episcopal church here for 65 years, and herself having reached the sum of 97 years of earthly pilgrimage, passed away Monday evening. Services were at the home Wednesday afternoon. The following information concerning her remarkable life is kindly submitted by the present pastor of the church, Rev. W. L. Whipple:

Josephine B. Hazleton was born April 14, 1836, at Northfield, New Hampshire. She was the daughter of Benjamin Hazleton, born at Hollis, Mass., and Elizabeth Folger Hazleton, born on Nantucket Island.

In 1865 she came with her parents to Illinois and taught school in Jefferson and Elk Grove.

On Dec. 17, 1867, she was married to John Allen and resided in Elk Grove until the death of Mr. Allen in 1889, when she moved to Arlington Heights, where she has since lived until June 12, 1933, when she passed into immortal life.

On April 24, 1868, she joined the Arlington Heights M. E. church by letter, and has been a devoted and faithful member for the past sixty-five years.

There remain to mourn her passing a daughter, Mrs. Elizabeth J. Bray, a step-daughter, Mrs. Carrie Allen Adams, three grandsons, Allen and John Bray and Howard Adams, and seven great grandchildren, together with the friends that a lovable lifetime has made. Services were held from the home in Arlington Heights at 3 p. m., June 14, and interment made at the Arlington Heights cemetery.

Mrs. Stewart Alden sang favorites of the deceased, "Beulah Land," and "Rock of Ages," accompanied by Mrs. Leslie Moodie.

W. L. Whipple, assisted by Rev. H. F. Lawler of Chicago Heights, who was pastor when Mrs. Allen was in active life, officiated.

### Lutheran Laymen's League Convention, Chicago, July 14

The Lutheran Laymen's League will have their annual convention in Chicago, July 14, at the Morrison Hotel, starting at 9:00 a. m. and continuing through the day. In the evening they will have their banquet. All members of the League are invited to attend this convention.

### Arlington Heights High School Given O. K. by University

Arlington Heights High School is given the honor by the University of Illinois of not being inspected this year, for purposes of accrediting, due to knowledge of the school already had by the University.

A letter to this effect just received by Mr. V. I. Brown, principal, from Francis J. Blair, state superintendent of public instruction, reads in part as follows:

"Under our regular plan of inspection a list of high schools to be visited during the school years 1932-33 was made in October. The list has been very carefully checked, giving consideration to information contained in the annual report, the last report of inspection, and any additional correspondence which has come to us during the present school year.

"Our committee felt that there were certain schools, whose condition was satisfactory as revealed through these sources of information. It was decided, therefore, that your high school would not be inspected until next year.

"You are accordingly advised that the recognition granted by the Superintendent of Public Instruction and the accrediting relation to the University of Illinois, held by your high school have been extended one year without visitation."

The above is still more evidence that the scholastic standing of the Arlington Heights Township high school is all that it should be.

## ECONOMY PUTS ARL. HEIGHTS ON SOLID BASIS

### Curb on Expenditures and Strict Accounting Pre- vents Many Leaks

### ALL BILLS PAID; FEW WARRANTS

It may take a person who is thoroughly familiar with the usual financial problem of villages to appreciate the present condition of Arlington Heights, but here are a few facts and figures that any taxpayer will understand and approve.

When the second half of the 1931 taxes are paid there will be more than enough to retire the outstanding 1931 tax warrants, amounting to only \$3,009.36, which are held by the Public Service Co. Every other 1931 tax warrant has been taken up and paid. There are no 1928, 1929 or 1930 unpaid anticipation warrants.

Upon the first of this month, the village of Arlington Heights had no unpaid approved bills of the municipality. Settlement had been in either cash or 1932 time warrants. Of the latter there have been issued only \$4,540.83. This amount could more correctly read, four thousand dollars as about \$500 had been previously turned in as payment on water bills, vehicle tags, etc.

This condition was not easily obtained. It took first, strict economy upon the part of the various departments of the village. The finance committee, of which Walter Krause is chairman, kept a control over warrants, vouchers and available cash, safeguarding the interests of the village and protecting the interests of the creditors, who soon realized the soundness of the financial policy of the village and have cooperated with the board to the fullest extent.

It has been no easy task to lift Arlington Heights out of the "depression" mud and the job is not entirely done yet, but the treasury today shows a condition that compares very favorably with the cash and fund balances of more prosperous years. It was not uncommon in those other years to have unpaid bills of several thousand dollars at this time of the year, with the tax money of the previous year practically all spent.

Today, Arlington Heights has more than enough of 1931 taxes coming to them to pay remaining tax anticipation warrants of that year. The village has drawn only about \$4,000 on the 1932 taxes. In the old days the 1932 taxes would have been all expended. If the delay in tax collection has done anything, it has taught villages like Arlington Heights to economize. It has been a bitter pill at times, but the village is a lot better off financially for the experience.

The municipal band and the public library have been paid their proportionate share of taxes that have been collected. No levy has been made for the band the last two years. Money recently paid to that organization was collected from 1928 to 1930 taxes.

### Robert Busse Passed Away in Florida; To Hold Funeral Here

Robert Busse, aged 13, son of Mr. and Mrs. Paul Busse, formerly of Arlington Heights and now of Valparaiso, Florida, was drowned Tuesday near his Florida home. The funeral will be Saturday at 2:30 o'clock from the home of Mrs. Anna Schwartz, 315 N. State road, in Acacia Park cemetery on Irving Park boulevard. Lauterburg & Oehler are in charge of arrangements.

The family have many relatives and friends in Arlington Heights and vicinity. Mrs. Busse was Alma L. Storck.

### Woman's Club Members Enjoy Seventh District Garden Tour

Five Towns Visited By Groups of  
Over 200 Members

Sixteen members of the Mt. Prospect Womens club and four guests attended the 7th district garden tour which took place June 9. Gardens were visited in Mayfair, Edison Park, Park Ridge and Mount Prospect. A picnic lunch was enjoyed at beautiful Coombs Lake in Des Plaines.

Many extremely interesting points were observed in practically each garden, where difficult problems had been successfully met.

Club Well Represented

Mrs. Eastman, 7th district chairman of gardens, remarked on the representation from Mt. Prospect's comparatively small club, which was greater than that of any other club there, regardless of size. The total attendance at this tour from all the clubs in the district was around two hundred women.

The beautiful private garden of the Hills Nursery in Dundee, Ill., was also visited.

### ANOTHER MAN DIES AT CULVERT; BURNED IN CAR

John Burgick, aged 25, 1716 Greenleaf avenue, Chicago, met death about 7:30 o'clock Sunday evening when his Ford Coupe went off Rand road and hit what is known as the Tegtmeyer culvert southeast of the Palatine road intersection. At the inquest Monday at 1 o'clock at the Lauterburg & Oehler funeral home in Arlington Heights, the verdict was of accidental death. Burgick was unmarried.

The car was ablaze with the man pinned within it when discovered. The car did not overturn.

This is the same place where Earl Seip of Palatine met a similar death about eight years ago.

## FAIR VISITORS TO BE OFFERED ACCOMMODATIONS

### Will Help To Advertise Village; List Rooms With Besander

At the last meeting of the Mt. Prospect Village Board the appointment of an official representative of the Village for giving tourists information on local rooming facilities was authorized. The Board President, H. F. Meyn, has appointed for this post Mr. L. E. Besander, who will have a listing of all the homes in the Village where tourists can be accommodated for a night or for a longer stay.

Will Help Advertise Mt. Prospect

Some of the suburban communities are advertising their desirable features to the tourists, to get them to establish headquarters there for the duration of their Chicago World's Fair visit. Chicago is notoriously crowded with cars, and visitors from the west will find it very convenient, and pleasant, to be able to get out of the crowded districts at the end of a day spent in sight-seeing. The use of a car to get around the downtown district for sight-seeing, or to get to and from the Fair is out of the question. This fact is well known to many who are coming by car to see the Fair, and it will be more fully realized as the summer progresses, and more people return to their homes to tell their neighbors of their experiences.

Those in the Village who have an extra room or two that can be rented by the day or week should list themselves with Mr. Besander, so that people who stop to inquire for rooms may be given directions. No better way of advertising the Village could be devised than offering the hospitality of our Community and sending World's Fair visitors back to their homes with pleasant recollections of home-like quarters to accompany their recollections of the Fair.

### Carries Off Supreme Honors at Dog Show

An Arlington Heights dog, "Rodeo Rex," a Boston terrier owned by Mr. and Mrs. Paul Arneam, breeders of Bostons, who live at 614 South State road, carried off first honors Sunday over about 75 dogs entered from Illinois, Missouri, Indiana, and Wisconsin at the Western Boston Terrier Club Show held at the Atlanta Farms in Niles.

Mr. Arneam, who has been in the business but two and a half years, while employed by the Cook County Herald as a linotype operator, enjoyed one of the thrills of his life, as "Rodeo Rex" stood up in repeated competition and judging, until the dog was officially declared the "Winner's Dog," or best dog in the show.

The Arneams started out with good stock and kept to it, and this policy is reaping its reward. Many congratulations and inquiries were received.

### Wholesale Grocery Prices Take Elevator

Albert Schmidt of Schmidt Brothers reports there has been a decided advance in wholesale grocery prices, especially canned goods and soap. It appears that we are truly on an advancing market.

### Here is an Old One, But the Story is Still Good

Some of the members of the Arlington fire department have not yet got over the kidding given them by their fellow members for taking out a hook and ladder truck in order to extinguish a prairie blaze. There may be some tall grass around these parts, but we really do not need a hook and ladder to climb up to see the blaze.

Here is an inquiry that has been brought into the Herald office: "Why do the firemen want to buy rain coats when it never rains during a fire?" The inquiring reporter replied, "To keep the rain away, of course."

## ST. JAMES GRADUATION NEXT SUNDAY

### Exercises Morning and Evening; List of Graduates

Graduation exercises of St. James Catholic school in Arlington Heights will be held Sunday, June 18. The religious part of the exercises will take place in the morning. The graduates will receive holy communion in the mass at 7:30 after which breakfast will be served them by the seventh graders in the school hall. They will receive their diplomas at the high mass services at 10:15.

In the evening other awards will be made in the parish hall, both to the graduates and to the pupils of the other grades.

An interesting program of entertainment, in which practically all the children will take part, has been arranged for the evening. Curtain at 8 p. m.

Following are the members of the graduating class: John Annen, William Annen, Daniel Bittner, Frank Mesko, George Schaefer, Julius Zies, Evelyn Balek, Pauline Buncik, Harriet Hull, Eulalia Lohse.

Health Achievement Names

Those making a 100 per cent grade in the health achievement project, and who will receive their awards are:

Eileen Coughlin, Mary Dearie, Robert Goodke, Mathia Nikol, Rita Huck, William Hull, Charles Miller, Dolores Zeisk, Stanley Jorstad, Mary Coughlin, Alice Dreschel, Edward Geisen, Genevieve Trost, Bonita Wydra, Raoul Peters, Ruth Rosen, Marion Seig, Edward Wedowatz, Donald Weber, Howard Bittner, Katherine Hibsch, Dorothy Scolaro, Catherine Weidner, Lambert Wagner, Evelyn Balek, Daniel Bittner, Harriet Hull.

Each member of the 8th grade graduating class will receive diplomas for 100 per cent in health achievement. Each child having 150 points in the Health Achievement and 100 per cent test will receive the Health Achievement pin.

### TAX COLLECTIONS DELAYED; MAY BE RESUMED IN AUG.

Collection of the second installment of 1931 taxes can start hardly before August 15, according to Collector William Annen of Wheeling Township, who does not expect to have the tax books back before then. This is on account of the 15 per cent reduction in the assessments of small homes and small apartments, which was ordered by the Board of Appeals of Cook county, which order was upheld recently by the Supreme Court of Illinois. This has necessitated a refiguring of the books.

A meeting of the Collectors' association will be held next week, at which time more detailed information may be available.

### Chicago Bullets Are Unpleasant, If Not Surprising

J. McBarron of the Dreyer electric company of Arlington Heights does not like flying bullets, even if it is the style in little old Chicago. The other day when driving a truck on West Lake street, he glanced back and saw a negro catching a ride and who asked him if he was going back to Arlington Heights. The darky was allowed to remain. Having occasion to stop and step out of the car, Mr. McBarron heard shots, and saw the negro had pulled a gun and was firing away. Mr. McBarron, as is the custom of wise visitors from the States to the Babylon of Chicago, when they hear shots coming their way, dropped flat on the ground.

But it was police that the negro was shooting at. The police overpowered the negro, however, and "beat him up," as the saying goes. The dusky denizen of that underworld which is so dear to movie producers, was part of a gang engaged in the privileged and independent business of stealing cars and part of a gang whose business that was, Mr. McBarron was called down to attend two hearings, but the son of Africa, being so ably defended by "good" legal talent available to that well-organized profession, was let off, of course.

### Real Estate Transfers Increase Fifty Percent

Henry J. Harz, of Palatine, who is connected with the Cook County Torrens system, reports that the increase in instruments filed in the recorder's office and the Torrens system has shown a big increase over the past few months. It has been two years since there has been so much activity.

### TOMATO PLANTS SCARCE

On account of the storms, and the great amount of crops washed out, there is an unusual shortage of tomato plants reported.

## Public School Program Pleases Large Audience

Graduation exercises and entertainment of the Public Schools in Arlington Heights, held Tuesday evening at the high school auditorium, were a "very, very nice affair," the audience was large. Especially enjoyed were the "Senior Prom" staged in the course of the pageant, "Glimpses of School Life" from first grade on through college, under direction of the department of the upper grades; the college songs made a hit with the audience; and then the sketch given of first grade life, in short clothes (and long legs).

Boys of the graduating class were dressed mostly to emphasize the class colors—blue coats and white trousers, girls in the customary frills of graduating time. All wore dark blue and white ribbons; the boys boutonnières of lilies of the valley, and girls corsage bouquets.

The band and the vocal numbers were given with credit to directors and singers.

Diplomas were given by Mr. B. H. Jarvis, president of the Board of Education. Mr. Whitmore, superintendent of schools, remarked that the graduates from the eighth grade are more fortunate in a way at this time than those from college, many of the latter being at a loss to find employment, or those from high school, a similar predicament, or finding extreme difficulty in realizing cherished ambitions to go to college; whereas most of the eighth grade graduates may look forward to four happy and profitable years in high school.

The list of graduates was in last week's issue.

### Meet "Gus" the Mascot at Treasurer's Office

His name is "Gus" and he is a protégé of Treasurer Fred Lorenzen and his assistant, Wm. Meyer. He occupies a place of honor upon the office counter and wears dog tag No. 100. As Mr. Meyer explains it, "This mutt is a model dog, even if he is made out of paper mache. He stays home, does not bark, bite little girls and bought his village dog tag early." This is published as a suggestion to all Arlington Heights dog owners. If you also have a mutt you can buy him a tag even if your dog does not sit upon the counter all day.

Oh yes, we almost forgot, the dog is named after a prominent village official. Of course if Mr. Fremburg denies responsibility, the boys at the station are going to christen him as "Ole."

### Rentals of Homes for Race Season Drops Down to \$100

The races have felt the depression as well as other lines of business and horse owners and trainers are not willing to pay big money in order to rent furnished homes. There was a big cut last year under that of 1931 and 1933 sees rentals down to an average of \$100 a month. There are exceptions of course to the rule, but gone are the "big money days" for home owners.

Mr. Carruthers, manager of Arlington Park moved into the R. L. Peck home at Palatine last Saturday, which is the same place occupied by him a year ago.

Arlington Heights homes that have been rented are those of William Kretz, A. Long, Victor Pecchia, L. Tingley, S. Hara, G. Wilke, Robert Flentje, Wm. Stade and others.

### Graduates at Valparaiso "U"

Mr. and Mrs. Arthur McElhose attended Sunday the graduation of their son, Herman, at Valparaiso University, with the degree of Bachelor of Arts and Education. Justice Frederic R. De Young of the Supreme Court of Illinois and alumnus of Valparaiso, was the speaker. Herman has been a scout leader while a student at the university, thus enlarging upon his scout leadership in Arlington Heights.

### Business Men's Association Meets

A meeting of the Business Men's Association of Arlington Heights ("Home of the Arlington Park Race Track") was held Thursday night this week, on the proposition of making the most of possible accommodations and services here available to World's Fair tourists.

### MRS. CONRAD KRUSE IS PASSED BEYOND

Mrs. Conrad Kruse (nee Caroline Winkelman) of Des Plaines, passed away early Tuesday morning. The funeral will be today (Friday) at the Des Plaines Lutheran church. Many relatives and friends live in Arlington Heights and Elk Grove.

### COOL NEWS

The refrigerator business was so heavy during the recent warm spell, and demands so insistent, that Dreyer Electric Company of Arlington Heights had to make deliveries last Sunday. Not so good news for the ice man.

### TO THE BUSINESS MEN OF ARLINGTON HEIGHTS

This firm has paid its business licenses and is therefore entitled to the protection that it is supposed to give to the loyal business man. Printing salesmen from other places should be asked to show their local license of salesman badge.

The village board has done its part in lowering the business license fees. The business men should now pay the fee and cooperate in its enforcement, thereby benefiting each and every one.

Every firm is acquainted with what lines of manufactured goods are sold in Arlington Heights. No business should be given to salesmen of such lines, if the business men themselves are sincere in the request for protection that they have made of the village board and that body has granted.

### Community Nurse To Be On Vacation; Makes Provision for Service

Miss Jackson, the Community Nurse, will be on her vacation from June 19 to July 3. Miss Menard of Des Plaines will spend one hour from 11 to 12 a. m., each week day except Saturday at the Health Center for any calls that may come in. She may be reached over the Police Station Phone number 6. Calls may be left at the above number any time and Miss Menard will respond.

### Invites Public To Own Wedding at Arlington Ball Room

An Arlington Heights young lady is to be the bride and Fred Scholtz, manager of Arlington ball room, is the lucky groom who is to wed at a public wedding to be held at the ball room June 24. "There is no advertising stunt connected with this affair," says Mr. Scholtz. "I have so many friends in the vicinity of Arlington Heights that I am inviting them all. The bride, Miss Hazel Thompson, seconds the invitation."

During the 64 years that this paper has been issued, this is the first time that it has served as a wedding invitation. Whoever reads this notice is an invited guest.

Mr. Scholtz, 28 years old, was born and reared in Jefferson Park and is now managing the Arlington ball room. The bride, Miss Thompson is a charming, popular and lovely maiden who numbers her friends by the scores. This wedding is certain to be the biggest held in Elk Grove township since the good old days of 20 or 30 years ago. The usual Saturday night dance will start at 8:30, but at 10 o'clock the orchestra will begin the strains of the wedding march and Mr. George Schneberger will take his place upon the stage and perform the first wedding ceremony since his election last spring, as a justice of the peace. Mr. Schneberger is not certain whether he will use the short or long form of ceremony, and his friends are as interested as he.

There will be people there to watch the bride and people there to catch the groom, but there promises to be a lot of people there to give moral support to the judge. George says that he will try anything once and if a few words from him will make Fred and Hazel happy, he is ready to do it. The question as to how many of the invited guests, besides the judge will be allowed to give the usual greeting to the bride has not yet been settled.

### Police Bringing In Delinquents in Vehicle Tax

The deadline on vehicle tax in Arlington Heights was yesterday, the 15th, and orders have been given to Officer C. H. Skoog to arrest and bring in all delinquents before the Police Magistrate, by whom fines will be assessed.

Those who have not paid their \$3 car tax save themselves trouble and additional expense by calling at the Village treasurer's office in the Village hall, and securing their license tags now.

### STUDENT DROWNS AT SCHOOL PICNIC

In view of the sad fact that at a school picnic held last week in Crystal Lake, a student of Austin High school was drowned, it may be well for other schools having picnics to remember that every precaution is in order.

### Loan Association Soon Ready for First Loan

Northwest Building and Loan association will soon be ready to make their first real estate loan. It is the desire of the directors to make the first loan to a resident of Arlington Heights. Any one contemplating a loan with clear estate for collateral should get in touch with C. M. Foresman, the secretary.

### Look for Mississippi Near Arlington Heights

An Arkansas car carrying a man and wife on the way to a Century of Progress, stopped Tuesday in Arlington Heights, the occupants enquiring where the Mississippi river was. They had the place confused with Arlington, Illinois. Apparently they did not know they had crossed the Mississippi river many miles back.

### Three Months Subscription To This Paper as a Premium

To all subscribers paying their subscription to this paper prior to July first, three months' added subscription, for each year paid, will be given as a premium. There are no strings tied to this offer. Send or bring in your subscription and a receipt will be given for fifteen months in place of the usual 12 months.

## CUT THISTLES

### NOTICE TO ALL PROPERTY OWNERS IN WHEELING TOWNSHIP

June 9, 1933  
Property owners in the township of Wheeling, Cook County, Illinois, are hereby notified that it is their duty to destroy under the provisions of Section 3 of "An Act Concerning Noxious Weeds," approved March 15, 1872, as amended, which reads in part as follows: "Sec. 3. It shall be the duty of all owners of lands on which noxious weeds are found growing, to destroy the same before they reach a seed bearing stage and to prevent such weeds from perpetuating themselves. . . . In case any such owner, agent or occupant shall refuse or neglect to destroy such noxious weeds, it shall be the duty of the commissioner to enter upon such lands and to destroy such noxious weeds, or cause the same to be destroyed. Express power to enter upon such lands, and destroy such noxious weeds is hereby conferred upon such commissioner. Any expense incurred in such destruction, shall be paid by the owner or owners of such lands, and the township, road district, city or village of which such commissioner is an officer, as the case may be, shall have a lien against such lands for such expense, which lien shall be enforced in the manner now provided by law for the enforcement of mechanics' liens. Any owner who shall refuse or neglect to destroy such noxious weeds as provided for in this section, shall be subject to a fine of not less than five dollars (\$5.00) nor more than three hundred dollars (\$300.00)."

As a land owner, you are hereby notified that you are under a legal duty to destroy all such noxious weeds on your land, in accordance with the provisions of Section 3 of the above mentioned act. Trusting you can have your co-operation in destroying these noxious weeds and avoid prosecution under Section 3 of "An Act Concerning Noxious Weeds," or Section 40 of the Criminal Code, we are

## Arlington Flower Show Successful; List of Winners

The Flower Show put on last Friday and Saturday was very successful in spite of the excessive hot weather which almost ruined all the irises and peonies.

The exhibit of peonies by Chas. Klehpa was gorgeous, actually much finer than any peony exhibit at the World's Fair last week.

Another outstanding feature of the show was the tropical rock garden. The wonderful collection of tropical exotics and other plants was furnished and arranged by Mr. Leo Barry. The tropical lilies, and other water plants, and fish came from Mr. J. T. Ericson's collection. The arrangement was completed with some flowering rock garden plants furnished by Mr. Fehman and Mr. Jas. McElhose. Credit should be given to Mr. Schneberger who furnished the rocks for the rock garden. Mr. Heller for the number for the benches, and Mr. Kruse of Wheeling and Mr. Geo. Klehpa who did the judging.

Below is a complete list of the winners:

**Peonies**  
Single peony, Japanese peony, double peony, one flower, white, Martin Fehman; light pink, Orson Rau; dark pink, Mrs. Ashton; red, Martin Fehman; double peony, three flowers, white, Mr. McWharter; light pink, Thos. Wilson; dark pink, also red and best exhibit five peonies, Martin Fehman. Best individual peony, J. T. Ericson.

**Iris**

# OBSERVER'S NOTES

Throw the portals open wide, Let all the world come in; Thus at Arcturus' flash they cried, Let a century's progress begin. There a brilliant color scheme Wrought by skillful hands, Yet the vision and the dream All unfinished stands. In this fair we read today An uncompleted plan; Yet in this, does it portray Problems confronting man.

A glorious vision was this Century of Progress, as it came to the mind of man. Why do we not read the perfect dream? Why is that interrogation placed before the unfinished plans and broken dream of everyone of us today? Why? Oh why?

All thinking good women, all thinking good men, had a dream of a Century's Progress in temperance in all things, why has it not materialized? The same cause that has made wrong wear the attractive garb of right since the world was created.

Some one remarked that we are having hot weather. The best way to think of this is to remember what a lot of coal we are saving; also to think how much hotter it is in the tropics.

We miss Mr. D. T. MacNab in many of his funnygrams. None do we recall more often than his query, so very put, when you met him on the street a hot day. He would give you a quizzical look and ask: "Is your heating plant working all right?"

There is a sage remark our men folks use when speaking of some public evils in our town, country and nation, since women vote, "It's up to you women." And yet they do not give the women fat jobs; not even \$8.00 per day on election day. "From now on," as Madame Groundhog told her man on Feb. 2 when women had obtained the right to vote. "From now on, remember I will attend to this shadow or sunshine weather business." And how?

So now our Maude Mullers take the matter in hand thuswise: Maude Muller on a summer day stepped in her plane and flew away; No more did she fill her small tin cup; For the selfish judge to drink it up. A stronger brew she knew at will. He drank as he idly sat on a still; So she calmly repeated, "As men say, Its up to you women" and flew away.

Certainly Mr. and Mrs. A. T. Chidley and their family are doing their best to overcome depression. A busy behavior of bright determined workers, raising turkeys for the market. They now feed about two hundred of downy little turkeys. Incubator hatched, lively as little turks fed as carefully as any turkey mother, could prescribe. Weather conditions have not been altogether favorable and our friends will not worry our President with overproduction for our Thanksgiving dinner. At any rate we wish them success, the more turkeys the better.

The home of Mrs. F. W. Muller affords a fine illustration of the manner in which nature helps us to meet the lack of sweets depression subjects us to. Bees have somehow entered to walls or ceiling of Mrs. Muller's home and are so busy providing to store their honey crop, they have become very annoying to the occupants of the house. Mr. Harrison Newhall, our neighbor on the banks of the Kankakee, for a long time heard bees buzzing in his walls, and finally found they entered through a small

crack in the brick wall and had stored pounds and pounds of honey between the ceiling and upper floor. By removing a floor board they procured a plentiful store of honey.

Somebody just now plucks my sleeve and says, "Why don't you put something exciting in your notes?" And if I did, out would rush all the stir-uppers and the stirred up the stir-uppers and the Observer person would be drawn and quartered. O, no, too much do I care for our home town and all who dwell therein to stir up needless excitement or strife. Let us put our strength, our minds and our movements to their highest use, to build and boost for beauty, bounty and all beneficent blessings, and if any mean, low evil thing seeks to harm any dweller in our "City of Good Neighbors."

May the good Lord send a tiger cat Bigger than any that ever spat, With stripes of orange and stripes of black, And an extra red one down his back;

A cat with eyes like a fiery star, And talons sharper than tigers' are; May he howl like a cat with 99 souls, And scare all our enemies into their holes.

A young business man of our town, speaking of vacation said, "Speed is the only thing;" hustle and put in extra time at your work so that you can go for a vacation; then speed up your car to the limit to get to your rendezvous on time and

You find the only thing that wouldn't be hurried is a fish, and don't they just take their own time making up their minds whether or not they will bite your bait? Then time will turn on all possible speed to get you back to the end of your vacation and the same old grind. We're all off for vacation, Full of old time picnic elation; We'll come come back home next fall, Too cross and tired to crawl; In debt and full of vexation.

How we do find fault. It's the weather, the dust, the noise or some other vexatious thing. Stop short, count your mercies, be ready to greet with God speed all these bright young people who are finishing grades and high school. Yes just the A. B. C. grades of life's school that still they must go on with the years.

At life's various stages, we are still in school, our education is only partly finished, when the Master calls us to the higher life. These are joyful busy days for both parents and children, for all of us who have an undivided interest in education and the children of our town.

Mr. and Mrs. Wilton have two daughters to be graduated this year. Gladys, from the high school and Gloria from the eighth grade. What a great day commencement brings to these young graduates. How can they realize what commencing the farther school of life means? Ah, well, who ever realizes, yet it is great joy to add stores to our learning, year by year, to the end of life here below.

Why cast a cloud of gloom over the farther years? From our hearts let us bid these bright, young graduates success in the upward climb, may their hopes and dreams come true and may they more and more appreciate God's greatest gift to us on earth: is the human mind. That if we will continue making use of it as God intended we should, we may have the joy of added knowledge all life's way. God bless our graduates and lead them to store their minds with worth-

## THINK IT OVER

I noted in last week's issue of the "Cook County Herald," a new ordinance passed in Arlington Heights, licensing peddlers at \$5.00 per day. No doubt there are too many peddlers and salesmen, many of them anything but trustworthy, and many times we don't blame housewives for not opening the door.

Let us look at it from another angle. How many are there at present badly in need of some employment but unable to get it? They do not wish charity, but want to work for a livelihood—is it not better to take a chance at a soliciting or salesman's job than to be idle and depend entirely on charity? I say, give an honest man a chance to earn an honest living.

The writer has done soliciting during his time, and I dare say there is nothing more discouraging (and I would like to state nothing madder) than to have the door not opened, or slammed in one's face. For humanity sake give anybody an opportunity to earn his daily bread. Give him a chance to explain what he has to offer, and if not interested, then make it short and decisive. Do unto others as you would wish they should do unto you.

—A Reader.

while education all through the years. God bless the teachers, and may they enjoy rest and refreshment all through the vacation ready to return to their work.

O, I am so weary O hearing folks whine: About this June weather, When it is dazlingly fine.

They complain of the heat The drouth or the cold, About little children, Of young folks and old.

Snap into the sunshine And speak a kind word, Then hark to the song Or that little gray bird.

Greet all little children, With a sunshiny smile; As they skip, hop along, They're as bird songs worth while.

Here comes a young lad, Skurrying on his bike, Some folks call him bad, Yet this boy I still like.

His eyes merry twinkle, As he calls out "Hello!" Make me lose a deep wrinkle, Just watching him go.

The young folks are jolly, To me they seem great; Those who never knew folly, Why just let them prate.

As years bear them on, Let us trust they'll not be, Such fault finding grouches, As you, friend, or me.

Life's way strangely winding, Often rocky and wild; They who great things are finding, Keep the heart of a child.

The children, the weather, The young folks, the old; All depends upon whether You seek bluish or gold.

# Tydol Gas and Oil Products Now Sold by Sterling Oil Co.

In a series of advertisements to appear in this publication, the first of which will be found on another page of this issue, the Sterling Oil Company, our local gasoline and fuel oil distributors, announce their new super-quality motor gasoline and lubricants. These products are of the type which formerly commanded a high premium, but they are now offered to the public without additional cost over those ordinarily sold to the motorist.

These new super-premium products are: New high-test Tydol gasoline, the highest anti-knock gasoline ever sold without added premium; Tydol Ethyl gasoline, the super Tydol with ethyl fluid added, giving an ethyl gasoline which is without a competitor for a premium anti-knock motor fuel; Tidel, a gasoline priced on the very bottom of the market; Veedol, a 100 per cent Pennsylvania motor oil, without a peer for its extra long life and engine protection; special Veedol greases for every purpose, the quality of each on a par with Veedol Oils.

These products are manufactured by the Tide Water Oil Co., one of the largest companies in the oil industry. For 54 years it has been manufacturing and distributing quality petroleum products which have time and time again proved themselves under severest working conditions. Recently Tydol and Veedol were used in the car of the winner of the Indianapolis auto race. Admiral Byrd, whose ship is now on exhibition at the Century of Progress, used Tydol and Veedol on his flight to the south pole. Motorists in all parts of the United States are proving in every day use the value of these products which have been scientifically produced in refineries employing the most modern equipment from crude oil carefully selected for qualities which will insure the utmost in service and satisfaction for the users of the finished products.

The Sterling Oil Company, in offering to its customers Tydol Gasoline and Veedol Oils and Greases, is adhering to the policy which it has followed from its inception of giving its customers petroleum products of the finest quality which it can enthusiastically recommend and unconditionally guarantee.

## EMERGENCY AGRICULTURAL ASSISTANT

The United States Civil Service Commission announces that until further notice it will accept applications for positions of emergency agricultural assistant to fill vacancies in the Agricultural Adjustment Administration of the Department of Agriculture. The examination is open to qualified residents of the State in which this paper is published.

The salary range is \$2,000 to \$2,600 a year, subject to a deduction of not to exceed 15 per cent as a measure of economy and a retirement deduction of 3 1/2 per cent.

The duties are to contact farmers individually, and through established agricultural associations and organizations of farmers and producers, in the handling of details incident to securing the cooperation of farmers in carrying out the provisions of the Agricultural Adjustment Act.

Basic requirements are (1) Graduation from a recognized agricultural college, or (2) graduation from a college or university of recognized standing other than agricultural, and residence on a farm until the age of 18 or until entering college or three years of actual farm experience. In addition, applicants must have had at least two years of experience in certain specified agricultural pursuits. There is provision for the substitution of acceptable specialized agricultural experience for college training.

Full information may be obtained from Rose H. Paton, Secretary of the United States Civil Service Board of Examiners, at the post office in this city.

## Red Wings Answer Merchants' Challenge

The answer of the Arlington Heights Red Wings to the challenge of the Arlington Merchants printed in this paper last week is: "Bring on Your Ball Team."

The Arlington Red Wings have never turned down a challenge and are always more than pleased to be able to play such tough teams as the Merchants ball team. We will be pleased to meet the strong Merchant nine in a game or series of twilight games, first game to be played at the Red Wing Ball Park, 500 S. Highland avenue, Thursday, June 22, 6:30 p. m.

# Red Wings Lose To Morton Grove

The Arlington Heights Red Wings traveled to Morton Grove Sunday and were beaten in a game that they should have won, the score of the game being 8 to 1. With sixteen men left on bases it is evident that this game could easily have been won. But the Red Wings have no alibis to offer, the game being one of those where the breaks of the game are not with you, as such is baseball. The Red Wings will just have to wait for revenge when they meet Morton Grove at Arlington Heights later in the season.

Sunday afternoon, June 18, the Red Wings will meet the Roselle Braves who also are out after the Red Wings' scalps. So don't forget, fans, the Red Wings are going to be home Sunday again with a good game in store for you. Welcome them back with a good crowd and have your tickets ready, because you will need it. See you all out Sunday afternoon at the Red Wing Ball Park, 500 S. Highland avenue.

## William Wallace Wood Passes from Earth Life

William Wallace Wood, son of Mr. and Mrs. John Wood, was born September 12, 1876, in Park Ridge, Illinois. When a young lad his parents came to make their home in Arlington Heights. Here he attended school and made the associates of his young manhood. September 2, 1908, he married Miss Mary Chambers who still lives in their Chicago home, where he died June 8, 1933, aged 56 years.

The funeral service was held Saturday, June 10, Rev. H. A. Kosack of Arlington Heights Presbyterian church conducting the service. The interment in Forest Park cemetery.

Pall bearers included George Klehm, Theodore Miltzer, Dr. B. T. Best and H. F. Muller, of Arlington Heights, and E. Billip of Cary.

A. F. Volz, Mrs. F. A. Whiting, Mrs. C. E. A. Lorenzen were among old friends from his old home town, who attended.

Mr. Woods is survived by his wife and his only other remaining member of the Woods family near connections, Mr. Leonard Wood's widow.

Finishing his school day, Wallace Wood entered the firm of Granger and Farwell, brokers. About four years ago he resigned from his position in the firm on account of ill health, from which he never fully regained his normal vigor.

Wallace Wood, as he was known among his old friends (to whom he was always loyal) was ever cheerful and always a pleasure to meet.

To those who mourn, we all join in sincere sympathy and in memory of a genial friend.

# Auxiliary Notes

Flag day, June 14, was observed by the Merle Guild Auxiliary at the Legion Home at 7 p. m. The Drum and Bugle Corp, the Girl Scouts, the lowering of the flag, and an address by Scoutmaster Beckman of Park Ridge, made a very interesting service of which the Americanization chairman, Mrs. Josephine Pope, may well be proud.

The dates of the St. James church carnival are July 20, 21 and 22.

What is the news? Here you may choose.  
From old cloth bathing suits and shoes,  
To race track crowds, soon coming on.  
Stirring the folks at Arlington.  
While some may laugh, others must cry.  
Still thinking people question—Why?

The Century of Progress, the coming races, and usual home town happenings, make up variety in the news budget.

Mr. and Mrs. Reuben Davis brought an interesting feature into the Children's Day program in the Presbyterian church Sunday, when they had Rev. H. A. Kossack christen their six weeks old baby daughter, Elaine Carrol.

Frank Dobbins, who has been working for the Arlington Land-scape company, has gone to his home at Noble, Illinois.

Mrs. F. A. Whiting went to the W. W. Wood home in Chicago last Friday as soon as she was informed of the death of her old family friend, Mr. Wood, to be with his people in their sorrow.

Many of the high school pupils and friends of Miss Esther Kossack, now Mrs. Blair, while she was a teacher in the place, will be interested to hear that a daughter was born to Rev. and Mrs. Blair, of Milwaukee—June 6, christened Pauline Elizabeth.

Mr. and Mrs. J. Y. Beaty, who are at the Dunes for vacation time, called on his mother, Mrs. D. G. Beaty Monday evening.

Mr. George Jensen was the recipient of a happy surprise Saturday evening, June 3, when a group of sixteen friends came to remind him of a not far away birthday, in his home on South Duntun avenue. A cordial welcome from host and hostess, games and choice refreshments made the occasion one to live in happy memory for the friendly guests, and Mr. and Mrs. Jensen.

Our brave shut-in friend, Mrs. Ella Boeger, was given a ride about town, her first ride in over three years. Mr. James Wayman came with his car and carefully lifted Mrs. Boeger into the car. She bore the ride well and they say she enjoyed it. Good for her.

The official board and program committee of the Woman's club are busy making ready the year book for 1933-4, meeting with the president, Mrs. Eugene Heller, Monday this week.

Miss Adele Adam, who taught in Kenosha the last year, came home last week from a pleasant outing at the scout camp at Lake Pleasant.

Prof. and Mrs. Wm. Cleveland, who spent the past week with his parents here, returned to their home at Bloomington, Indiana, Tuesday. Little Butte will stay with his grandparents, Mr. and Mrs. H. C. Cleveland.

Thursday afternoon this week Mrs. August Schulenburg on South Evergreen avenue, entertained the Social Five Hundred club in her home. This is one of the older established card clubs that meet regularly.

Mrs. Raymond Friesse, who left here June 8, sailed from New York June 10, for her visit to Germany.

Word has just come to us that our honored friend, Mrs. Josephine Allen, passed away Monday, June 12. Well on in the century of the years of her earthly pilgrimage. A strong yet gentle kindly woman, whose memory will live as long as old Arlington Heights exists. In the hearts of all who knew Mrs. Allen in home, church and social life, her place can never be filled nor her helpful influence be forgotten.

Mrs. Fred Oyen from Humboldt Park, was the guest of Mrs. Raoul Peeters Thursday this week.

Mrs. Lilian Bouffard gave a pre-nuptial shower last Thursday evening in honor of her friend, Miss Hazel Thompson. Of course, it was a delightful pour down of good gifts and good wishes from the many friends of the guest of honor.

Miss Mildred Alfson, who had been a guest of the Kenneth Allison on East Euclid, returned to her home in North Dakota last week.

Mr. and Mrs. Charles Scherf spent Tuesday at the Century of Progress. Mr. Scherf's company in addition to his regular vacation, gave him four special days to attend this fair, which with Mrs. Scherf and Master Jimmie, he plans to take one at a time so he can select best days to suit their convenience.

The whirlwind Sunday, gave us a touch of what wind has been doing in more force elsewhere. Trees so far as we have heard, were not badly broken and O how cool we were.

Mrs. George Dobbins and her son, Donald, drove to Effingham last Saturday to attend the marriage of her nephew, Curtis Dobbins, to Miss Maxine Bates. The wedding occurred June 10.

Mr. and Mrs. David Peter are driving through from Phoenix, Arizona, the Century of Progress is their objective. They expected to be seven days en route. Mr. Peter's sister, Mrs. Margaret Harris, is looking forward to their visit in her home.

Mrs. C. C. Schwartz received a message Tuesday, telling her of the death of her grandson, Robert, only son of her son, Paul Busse, and twelve years old. Mr. and Mrs. Paul Busse had been living in their Florida home since early this spring.

Lawrence, little son of Mr. and Mrs. Philip Engelking of East Euclid, fell from a tree last week and fractured his left wrist.

48 degrees of coolness the morning of June 14, Flag Day.

Mrs. George Peterson of North Duntun avenue entertained the Sunshine club in her home Thursday afternoon.

The Friendly class held their closing social event for the season Tuesday afternoon. A dessert luncheon and a friendly, pleasant event.

Mr. Kornhauser came from Chicago with his family to call on his army friend, Mr. C. E. McWharter, and family Sunday.

**A HIM OF HATE**

Oh, beat a dirge on the drums,  
Pull the old cat's tail,  
Add the shout of a man with gout,  
And a screech-owl's dismal wail.  
Let's have the plaintive squeak  
Of an old and greasless gate,  
And the devilish squawk, of a  
chicken-hawk,  
While I chant my hymn of hate.  
Beat time of the sunbleached skull  
Of a cannibal chief who croaked,  
By his own hand, in Cannibal Land,  
While I chant of a soul provoked.  
Let's have the shivering squeak  
Of finger-nails 'cross a slate,  
Bow your head way down and  
stamp the ground,  
Whist! I gangle this hymn of hate.  
Shriek out this heathenish noise,  
Chant it and wear a frown,  
While I throw a curse, or some-  
thing worse,  
On the gripingest guy in town.

Oh, it isn't the senseless boob,  
No, and it's not the guy,  
Who "cuts in" on a crowded street,  
Though this may be bad, still this  
other lad  
For orneryness can't be beat.  
Nor is it the goofy galoot—  
The opposite of a saint—  
Who thinks it's a lark, to run  
through the park  
Taking signs of "Wet Paint."  
Not unto any of these,  
Though you think they need a  
curse—  
But to one alone I raise my groan,  
One gink who is ten times worse.  
So pound and groan and wail,  
Shiver and writhe and frown,  
While I hurl a curse or something  
worse,  
At the gripingest guy in town.

Oh, blighted be his life!  
From this moment or even sooner.  
May his hair fall out, may he get  
the gout  
May each of his kids be a crooner.  
He's the ornery, cruel old cuss,  
When the temperature's one-one-  
two.

Will trot up near the loudly sneer,  
"It is HOT enough for you"  
Oh, dorgone, and even dam!  
When he dies and goes to—well,  
The place I know he deserves to go,  
If there's justice, I can tell—  
That when he gets roasted pink,  
Sitting there, sweating alone,  
As he burns his corns, and mops  
his horns,  
As he rests on a hot brimstone,  
Old Satan will come along  
And laugh as the buke hollers  
"Phew!"

Old Nick'll switch his tail, and pre-  
tend to wail,  
"Is it HOT enough for you?"

to play hide and seek, and besides that for what good reason would a burglar try to hide in Mr. Lucas' pajamas, anyway. Which just goes to prove, dearie, that you can't believe everything those newspaper men tell you.

Not along the same subject at all, but just to fill up this space, a friend of ours claims that he went to the Century of Progress and saw a mechanical man, made out of steel and two newspaper men. We've heard of men with nerves of steel and also of iron men (that was 'way back long ago, though), but we may have heard of newspaper men, before. We bet they were cards!

But you can't tell a newspaper man anything but what he immediately makes an issue out of it.

**ABOUT FLIES**

Dear friends, today we begin a series of one lesson on HOW TO MAKE THE HOUSE MORE HOME-LIKE. Today our lesson will take up space. Our discussion will be limited to Flies, or HOW TO FLEE FROM FLIES. During the last twenty-one odd years (very odd, brother, very odd) your narrator (as the NBC boys put it) has had intimate acquaintanceship with a number of the best and most agile flies in this country. He has spent almost all of his vacations (having nothing else to spend), lying prone on his back allowing flies from far and near to use his nose for a toboggan, and thusly not only endeavoring himself to the flies of America, but studying and amassing a considerable amount of data concerning flies. And thus he feels that he is speaking from a world of experience in the fly field. He was once offered a professor's chair at Yale, but when he discovered that he could take it home with him, he declined to accept the honor.

Now, most of you dear folks have seen or heard of flies. Possibly some of you guys have or have had some of the creatures in your homes. You all know what they're like. What use are they? What you want to do is get rid of them.

Most of you realize that the chief inconvenience during the summer months is that whenever you open the screen door a whole bevy of flies will flock through. Do you want to know how to prevent this annoyance? Do you want to know how you can prevent this, so that you may open the screen door to your heart's content with nary flies flocking through. Of course you do, silly, so sit down and shut up!

We have already stated the problem, viz. Flies flock through when screen door is opened. Now let us analyze the causes for this mass phenomenon. To begin with, all living creatures (including column conductors), are obliged to fight for space and livelihood in this world. There is continually this great competition in animal life, in plant life, in insect life, and even in Palatine for space and food. Now, the great out-of-doors is practically loose with flies and the competition is very keen. Every fly feels that if he could only get away somewhere, and maybe buy a little cottage and raise rhubarb and chickens, he could live comfortably. Consequently, a fly sees a nice house and figures that with-in it there are fewer flies, thus less competition, thus an easier life, shorter hours and more time for bridge. Thus, he tries to enter and when the screen door is opened, the solution to this problem is quite simple. No doubt some of you smart fellows know already how this is going to end. (If you do you've got one on us, (cause we sort of lost just now). The answer is simple: Raise a whole flock of your own flies. Put in an incubator and raise thousands of the little darlings. Fill you house with 'em! Then, when flies on the outside look in they'll see more flies per cubic foot on the interior than outside. More flies mean keener competition, and harder work per individual fly. The flies on the outside will then shrug their shoulders and move on to your neighbors. Any fly would be a chump to come in.

Oh, you're welcome!

### NILES CENTER

Misses Margaret Kottke and Anelise Munch were at the "Fair" Sunday to sing in the "In and About Chicago High School Chor-us."

Mrs. Florence Freund who motored to Boston, Mass., with Miss Blanche Gay, returned Saturday and reported having had one of the most enjoyable vacations she ever experienced. There was also a tragic aspect to the trip through over 100 miles of country west of Niagara, where trees were broken or uprooted and vegetation in general devastated.

Mr. and Mrs. Rudolph Erwig of River Grove, and son of people of the same name living in Niles Center, returned June 10 from a 2300 mile trip. They went via Pittsburg, New York City, Albany, Niagara Falls. The part of trip they found to be most scenic was along the Hudson river.

Tourist guests the past week at the Klehm homestead, 8212 Lincoln avenue, registered from Kansas, Oklahoma, Indiana, Wisconsin, Canada, and Pennsylvania. Most of them ask for cards to pass on to friends who plan to visit the fair, so it shows they are well satisfied with the place. They say the place to get rid of your money is at the fair. Some of the tourist guests were attending the National Band contest held at the Northwestern University. Students, 1,500 in number, came from all parts of U. S. to compete for honors.

Mr. Henry Heinz is at St. Francis hospital for observation.

Several friends in Niles Center have received cards from Mrs. Florence K. Freund, who is touring Boston, Massachusetts and other states in the east.

Thursday, Miss Carrie Harter entertained the "Straight Eight" at her summer cottage at Johnsburg.

Miss Elsie Kraemer of Oakland, California, a cousin of the Stielow family, is here visiting them and other relatives here.

Little Miss Patsy Galtz attended the birthday party of Miss Shirley Tess in Chicago, June 10.

Miss Josephine Brown is here from Los Angeles, Calif. She is staying with her sister and brother, Miss Evelyn and Harvey Brown.

Mrs. E. T. Klehm spent the week end with Miss Elizabeth Stielow at her summer home at McHenry.

Mrs. Rensch called on Mrs. Fred Kottke and Mrs. W. L. Wolters Friday afternoon.

Mrs. A. R. Keph who has been staying with Mrs. Emma Eichleberg, is spending a month with relatives in New York.

About fifty relatives and friends helped Mr. and Mrs. Charles Wein and of Oakland street, celebrate a wedding anniversary Saturday evening.

H. Wille and family of Des Plaines; Misses Gladys and Evelyn Wagner of Tossville; Mr. and Mrs. H. Maerhoefer and children were guests of Mr. and Mrs. Herbert Baumann, Sunday.

Mrs. Henry Remke entertained the Center Social club Thursday evening. Prizes were won by Mrs. Gertrude Baumhardt, Miss Louise Stielow and Mrs. Anna Kruse. Mrs. Vera Noetting was awarded consolation.

Mrs. F. Stielow and Miss Elsie Stielow spent Thursday afternoon with Mrs. O. Witte and Mrs. Frank Noetting.

Mr. and Mrs. L. E. Kruse were Sunday dinner guests of Mr. and Mrs. R. J. Kruse.

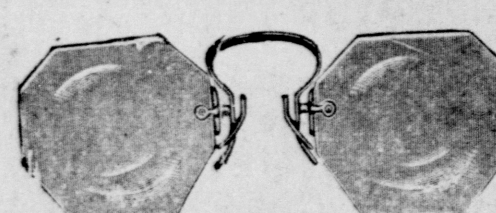

Mrs. Louis Burmeister spent several days with her son and daughter-in-law at Glenview. Her son, Raymond, has been ill the past week. We hope he is on the road to recovery.

Mrs. Fred Kramer of California, the former Miss Elsie Priebs of Park Ridge, was a dinner guest of the Misses Stielow, Wednesday. No doubt Mrs. Kramer came to see the World's Fair as well as her many relatives and friends.

### Niles Center Dairy Co.

The newest and evidently the most popular business enterprise established in the process of Niles Center is the Niles Center Dairy Co., located in the "Black and White" colonial cottage on the large lot where Klehm's stores and a prosperous business over 50 years at the corner of Oakton street and Niles Center road, where the creamery company started business Saturday, June 10, and is already meeting the success which they expected and merit.

Their building includes a refrigerator with a capacity for 1600 lbs. of ice and 500 gallons of pasteurized milk and cream from their large herd of Guernsey cows, all T. B. tested and certified by the state veterinarian. John Meier Supt. of their dairy farm at Crystal Lake keeps all in healthy condition and delivers the bottled milk cream and fresh butter here 12 hours ahead of the Chicago dairymen. Chas. S. Kanzig is the local manager and a partner of the well known Nick Santucci. He is an experienced salesman and sees that all their milk, cream, butter, eggs, honey and other supplies, are all in perfect condition and sold at wholesale prices. The quality and prices of all their dairy products.

### RING'S FISHLINE OBSERVES

That fishing of all kinds has been excellent the past few days and it seems that the wives are much more tolerant this year on the subject of overdue meals so take a chance fellows and try out the old rod. Bass season opened yesterday so let's have your reports on how the old warriors are taking the lures this year; also write and let us know what "you" want to hear about in this column. For the fly casters a new type wet-dry fly has appeared on the market this year and its getting results, it is called the Ozark Bucktail Fly, made in three sizes: Midget for Crappies and Bluegills; Spinner Bucktail for stream fishing and Ozark Regular for bass and pickerel.

Now for the treasure hunt. Follow the directions carefully and your reward this week will be clear, cold water and a plentiful supply of Bluegills, Crappies and Jumbo Perch of an excellent quality.

This trip is for those whose time is limited and is not far away, leaving your home port, trek to Wauconda on the Rand road, then go East keeping to the road south of Bangs Lake. About two miles from Wauconda you will come to a sign reading Davis Lake, turn in at the West gate and tell the boat man you want to fish in the "Upper" lake. The charge is one saw-buck per day. The name of the lake you will fish in is S lake.

This is also a wonderful spot to camp overnight.

A fishing hint to remember: "Fish the lee shore" i. e. if the wind is blowing from the west fish the west shore, etc. Any questions on fishing and fishing tackle sent to this department will be answered by experts. Stamped addressed envelope must accompany all questions. So long until next week.

### ST. PETER'S EVANGELICAL CHURCH

Oakton Street at Laramie Ave. Paul Emmanuel Winger, Pastor. June 18 is supposed to be "father's day," but such an event has not caught the imagination of the people as has Mother's day. Is it father's fault? Or is it because in the most formative years of life he is seldom in the picture.

German service, 8:30 a. m. every first and third Sunday in the month. Sunday school always in English in every department, 9:30 a. m. A garden club has been formed among the pupils. A record is being kept of all who have planted flowers and who bring them to church. Thus far Violet Kottke, Jimmy and Billy Todd, Billy Stielow, and Betty Stielow, Robert Balfour, Mary and Katherine Winger, Patty Lou Todd, and Robert Flynn, are recorded.

Sunday, June 25, is the day of our congregational and Sunday school outing in Hoffman's woods on the Dee road. A cavalcade of cars will be formed at 10 a. m. in front of the church. Transportation will be provided for all who have no means of getting to the park. Services will be held in the open with a pageant "God's Garden" being presented by children of the Sunday school. A feature of the afternoon will be the ten round classic of a variety of contests which proved so popular last year. Everyone will bring their dinners along although there will be refreshments of all kinds to be had on the grounds.

Hoffman's woods is reached by driving west on Oakton till about 75 to 100 feet from Busse highway, at which place the Dee road begins about 5 miles west of the church. The woods lies half way between Oakton street and Touhy avenue. Everyone is cordially invited to come and enjoy an agreeable and recreational day.

The Women's Union meets for their regular session Wednesday, June 21. This date being now the regular meeting time, the third Wednesday of the month. The birthday social will be held on the second Wednesday of the month.

### MORTON GROVE

Mrs. Emma Weymann and Mrs. August Poehlman entertained the members and friends of the W. W. Circle at cards. Nine tables in all at the home of Mrs. Brooks.

Miss Emma Huscher of Pasadena, California, spent the week-end at the home of Miss Clara Sonne.

Mrs. Ray Hester has been sick the past few days. We wish for her speedy recovery.

Mr. and Mrs. Elmer Baumhardt moved to the bungalow vacated by Mr. Setter on Austin avenue. Mr. Setter will make his home with his daughter in Chicago.

Mr. and Mrs. Anton Schmidt, Mr. and Mrs. Edward Nelson and son, Arthur, enjoyed a basket picnic at Dam No. 2, Sunday.

Mrs. A. Orphan returned home Wednesday from St. Francis hospital, Evanston, after a successful operation for gall bladder trouble.

Mrs. Walter Meyer, with her three sisters, motored to Gage's Lake last week and spent several days at the cottage of their parents.

Miss Jean Lindahl, daughter of Mr. and Mrs. Axel Lindahl, graduated from Evanston Township high school last week. Frank Frees, Jr., son of Mr. and Mrs. Frank Frees received his diploma from Lane Tech after completing a two year course in mechanics.

Mr. and Mrs. John Meier are visiting with Mrs. Jas. Noble at Michigan City, Indiana.

Rev. and Mrs. O. B. Heidtke, daughters, Rhoda and Lois, spent Tuesday to Thursday visiting in Milwaukee.

Mrs. Henry Meyer of Deerfield is visiting at the home of her daughter, Mrs. Irving Baumhardt.

Mr. and Mrs. Alexander Falk motored to Starved Rock early Monday morning where they spent most of the day. On their return they called on friends at Ottawa and Seneca, arriving home Tuesday morning. Miss Delphine Salisbury, their daughter, spent several days of last week as house guests of the Lee Rogers family in Hyde Park.

Dan Biesman and family and George Peschke, wife and children, motored to Harvard, Ill., Sunday, where they enjoyed the day with Mrs. Eliza Bauman at a family reunion.

Roman, son of Mr. and Mrs. Dan Biesman, graduated Thursday from the Northwestern college at Watertown, Wis., which school he has attended the past eight years. He will return to the home of his parents this week.

Mr. and Mrs. Charles Bryer attended a dance and card party Thursday evening last week at the North Shore hotel. The affair was given by the Knights of Columbus Order. Sunday evening, the Bryers were card guests of Mr. and Mrs. Bob Lutz.

Mr. and Mrs. David Fielweber attended the funeral of their cousin, Mrs. Bertha Hertel at Park Ridge, Wednesday afternoon.

The Catholic Women's club will give a card and bunco party at St. Martha's church hall Thursday evening, June 22. Every one welcome. Tickets, 35 cents.

Miss Lolita Kawell, daughter of Mr. and Mrs. Anton Kawell is in St. Francis hospital, Evanston, where she is recuperating from an operation performed June 11, for appendicitis. She is expected home this week.

Mr. and Mrs. Oscar Sigel, daughter, Meta and son, Arthur, attended a family dinner at the home of Mrs. Sigel's parents, Mr. and Mrs. Charles Knooloch, Chicago, the occasion being the birthday anniversary of Mr. Knooloch. An unusual coincidence is that Mr. Sigel's father, who lives at Chetek, Wis., was born on the same date as Mrs. Sigel's father, but one year earlier.

Chiquita club members met with Miss Florence Huscher, Monday. The evening was spent playing games, refreshments following.

Mr. and Mrs. Joseph Brooks, Mr. and Mrs. Harvey Brooks, Mr. and Mrs. Peter Rehbock spent the week-end at the Brooks' cottage at Lake Waukegan.

The annual picnic of Morton Grove Progressive club will be held Sunday, June 25, at Spinner's grove, Lake Zurich. The outing will be an old fashioned basket picnic with outdoor games of all kinds, races, swimming, and ball games. Max Finke is chairman of the affair.

Those without transportation will be provided same by calling Mr. Finke. Cars will leave the Morton Grove garage at 9:30 o'clock, the route will be north on Waukegan road to Simpson street, west to Rand road, and north to Lake Zurich. Turn left at route 22, (stop and go lights) for one and a half miles, over gravel road to grove. Every member of the club try to enjoy this outing and bring your friends. A good time assured you.

### ST. PAUL'S EV. LUTHERAN CHURCH

Otto F. Arndt, Pastor. Sunday, June 18. In order to enable all children to participate in the annual Children's Day service the usual session and study period of the Sunday school has been cancelled. However, all pupils of the school must meet in the assembly room of the church no later than 10:30 o'clock, at which time final arrangements for the day's program will be made.

9:45 a. m. Divine service in German. Sermon by the pastor on the theme: "The Necessity of working out one's own salvation with fear and trembling."

11:00 a. m. Annual Children's Day service and promotion exercises of the Sunday school. All pupils of the school must be in attendance. A program of songs and recitations will be presented by the children, followed by the promotion exercises of the various departments. It is earnestly hoped that all members of St. Paul's and especially the parents of our pupils, will show their interest in the work of our Sunday school by their attendance upon this service. Let us not forget that the Sunday school of today is the congregation of tomorrow; and only as we train our children aright can we expect to have a well trained and efficient church organization in the future.

**MRS. MARTHA M. KOEHLER**  
Mrs. Martha M. Koehler was born March 8, 1883. She was the eldest daughter of Mr. and Mrs. Carl Koehler of St. Louis, Mo. Her baptism took place April 1, 1883 in Trinity Lutheran church, Pastor C. F. W. Sapper officiating. At the age of twelve she was confirmed in St. John Lutheran church in St. Louis.

Her marriage to Mr. Fred J. Koehler was performed by Pastor Herman Bartels, then pastor of St. John Lutheran church. Her husband, with whom she had lived happily for almost 26 years, preceded her into eternity about 10 months ago. He died in a fatal automobile accident which occurred when their truck in which he and his son, Arthur, were driving to the market with a load of vegetables. Ten children were born to Mr. and Mrs. Koehler, one daughter died in infancy.

For several years she had been suffering with high blood pressure. She had suffered numerous attacks leaving her heart in a weakened condition. Dr. Dodge, who is the family physician, advised her to take things easy. She followed his advice and took no active part in the farm work. However, on Sunday afternoon, May 28, she exited to the field to see how the crops were. Victor, her son, reminded her of her condition, but she said she felt good and could do that. They waited till toward evening. Some of the children accompanied her. On this trip she was overcome with breathlessness and was unable to walk back to the house. One of the boys rushed home and got the truck. She was aided into the cab and brought home. The family car was not at home just then, being used by some of the older children who had been singing with the choir at a mission festival. Upon their return about 7:30 the doctor was called, but efforts were in vain. At about 9 o'clock she peacefully fell asleep.

Her untimely death is mourned by her nine children: Emma, Hil-da, Arthur, Walter, Edmund, Victor, Charles, Wilbert, and Bernice; her aged mother, Mrs. Carl Koehler; one sister, Mrs. Lester Sassen; seven brothers, Herman, Carl, Ernst, Emil, Otto, Martin and Rudolf. In addition to this there are 10 sisters-in-law, 4 brothers-in-law, 55 nephews and nieces, and a large circle of friends who are deeply grieved by her passing away.

She reached the age of 50 years, 2 months and 20 days. Burial at Maine Township cemetery, Thursday, June 1. Pastor A. H. Zimmer officiating.

**ST. JOHN'S EV. LUTHERAN CHURCH**  
L. A. Grotheer, Pastor. Services, June 18: German, 9:30 a. m. English, 11 a. m. Sunday school, 10 a. m. Ladies' Aid meeting at the home of Mrs. Hy. Warnke on Howard avenue.

St. John's church will hold its annual church and school picnic on Sunday, June 25, at the church grove. Committees have been appointed to supply a variety of amusement and pastime. Come and meet many of your friends.

### GLENVIEW

The National Golf Open Tournament was staged last week at the North Shore Country Club in Glenview where a large gallery of admirers followed the stars along the difficult course with Goodman as the champion for 1933.

The Glenview school held their graduation last Monday evening with Mr. H. E. Underbrink of Libertyville high school as the speaker. Rev. R. Sanger gave the benediction and Rev. M. Johnson pronounced the invocation. The audience was admitted by ticket because of the small auditorium which was filled to capacity. Twenty-one were given diplomas by Mr. John Wolf, president of the Board of Education.

Miss Eleanor Lind of Denver, Colorado, became the bride of Mr. Robert Cole one day last week. The Coles live in the Park and the married couple will live there when they return from their honeymoon.

The Vacation Schools at the Methodist and Congregational churches swing into action. The Methodist school begins this coming Monday while the Congregational school began last Tuesday.

The Catholic school will hold its graduation June 16 at the school hall.

Lucille Gaetje will be listed among the University of Illinois graduates this year to receive the degree of Bachelor of Science.

A Yard and Garden contest has been again introduced by the Glenview Chamber of Commerce having placed entry blanks in prominent stores in Glenview.

### EAST MAINE

We are glad to report our sick folk nearly well. Miss Clara Frank came home from St. Mary's hospital Saturday and Mr. John Jaacks returned from the Welles Park hospital Sunday night.

Several of St. Matthews Lutheran congregation attended the annual church picnic of Immanuel Lutheran congregation at Glenview Sunday afternoon.

Miss Mabel Finfern has completed her teaching term at the Lincoln grade school in West Chicago and is home to spend the summer with her folks.

Mr. Walter Busse left early Monday morning motoring to his home in Minnesota where he will spend a month or more of his vacation. Miss Esther Bach and her brother, Harvey, accompanied him to their home at Corzusco, Minn.

When June 7 was chosen for the picnic and outing of St. Matthews Lutheran school, no one guessed or even thought that that day would be the hottest on record. There are several severe cases of sunburn to attest this fact, but nevertheless, the large crowd who motored to Round Lake for the picnic that day say they enjoyed the outing. A big weenie roast was one of the most delightful attractions of the day and there was baseball and other amusements but swimming and wading were the most popular pastimes of all.

### SCHAUMBURG

Miss Viola Battermann is at Oak Park taking care of her aunt who is quite sick.

Mr. and Mrs. Bruns of Addison visited Mr. and Mrs. C. Meineke Tuesday.

Rev. and Mrs. G. Theiss are entertaining relatives from Texas.

Mr. and Mrs. G. Behrens are proud parents of a baby girl.

The students are home for vacation and we are glad to have them in our midst.

The choir had a most successful outing at St. Charles. They attended the services of Pastor Theiss.

Mr. and Mrs. E. Eggersmann and Mr. and Mrs. E. Pfingsten attended the graduation at River Forest last week.

Friday, June 16, at 8 p. m. the graduation of St. Peter's Eastern District school will take place. Harvey Pohlmann, Erwin Behrens, Rheinhardt Koenig are the graduates. After the graduation exercises a school program will take place. Ding Dong Dumbell will be presented by the children.

Sunday, June 25, the annual school picnic will take place. Be sure to come and enjoy with your fellow church members. Vas you der Charlie.

## TWENTY-SEVEN PUPILS RECEIVE DIPLOMAS IN YEAR-END EXERCISES

### 14 Lutheran Graduates Hear Address by Prof. O. A. Rusch

One of the largest classes in the history of the Lutheran School gathered together with friends, schoolmates and parents to hear a most inspiring and interesting talk given by Prof. O. A. Rusch of the Concordia Teachers College of Lake Forest Tuesday evening when the annual graduation exercises were held in the school auditorium.

During the course of a most interesting program presented by the members of the class which included an operetta, the fourteen graduating members were given their diplomas by Rev. J. E. A. Mueller. The auditorium was tastefully decorated with flowers and with the class colors.

The members of the graduating class were: Rosie Beigel, Marian Busse, Eleanor Jackisch, Wilhelmina Knop, Florence Linneweh, Virginia Weiss, Amelia Yaeger, Edward Busse, Clarence Gerken, Elmer Hedke, Herbert Jackisch, Norman Mecklenburg, Bernhard Nerge, Elmer Oehelking.

The complete program of exercises were: Salutatory—Bernhard Nerge. Violin Solo—Herbert Jackisch, accompanied by Mr. E. R. Jackisch. Operetta, "The Little Gypsy"—Class 1933.

Piano Solo A. "The March of the Flower Girls"; B. "Hungarian Rhapsody—Carl Koeling"—Virginia Weiss.

American Luther League, presenting class pins—H. Kieper. Address—Prof. O. A. Rusch, Concordia Teachers College, River Forest.

Presentation of Diplomas—Rev. J. E. A. Mueller.

Farewell—Marian Busse. Song: Thine forever God of Love, Hear me from Thy throne above; Thine forever may we be, Here and in eternity.

Thine forever Thou our Guide, All our wants by Thee supplied; All our sins by Thee forgiven, Lead us, Lord, from earth to heaven.

## WHEELING

Friends here were shocked to learn of the tragic death of Mr. Harrington Jacobs in the crash of the seaplane, Northern Light, just south of Glenview Sunday evening. The remains of the body which was severely burned was sent to Benton Harbor, Mich. Mr. Jacobs' home town, for burial. The sincere sympathy of the entire community goes out to Mrs. Jacobs and her little fatherless son, Allen, Mr. Jacobs having been steadily employed at Milwaukee the past four years, most of which time the family resided in Wheeling, makes the tragedy a loss to our community also. Mr. Ed Witt has been visiting at the Ehlers home.

Mrs. J. R. Allais and children motored up from Atlanta Georgia, last week and are making their headquarters with the Carpenters. They will visit the Century of Progress during their stay here.

The F. Kurz family moved to Chicago, where they had formerly resided, last Saturday.

The Jos. Bellmore Jr. family has moved into the Stryker residence on Wille St.

Five members of the Wheeling School band, Dorothy Upadel, Jessie Hartmann, Robt. Hartmann, Hudson Holtje and Donald Wolf, accompanied Mr. Mason to Crystal Lake on Sunday evening to assist a band Mr. Mason recently organized in a Parochial school there. The occasion was the commencement exercises of school and our young people enjoyed an interesting program.

The Ladies' Aid Society of the Presbyterian church are planning a cafeteria supper to be held on the A. Grewe lawns Thursday, June 29th. The public is invited, and urged to save the date.

### "Piccoli" On Chicago Stage

Balaban & Katz set the pace for entertainment in America by scooping the world with an amazing attraction Friday on the stage of the Chicago Theater will be presented The Piccoli, eighth wonder of the world. The Piccoli recently finished a \$2.20 engagement at the Erlanger Theater, where it played to capacity audiences every night.

To those who may not know what the Piccoli is, let it be explained here that it is the most expert and complete marionette show in the world. Brought here from Italy at great expense, its personnel includes 400 astonishing papier-mache performers who sing, dance, act and clown. Among the acts in the Piccoli are a screeningly funny full-belt; a Parisian cabaret with gay entertainers, and Harlem night-club.

In addition there will be an extra stage show headed by George Givot, "The Greek Ambassador," and the riot of the Old Gold radio shows, in person. George has his very funny Greek accent with him and is supported in his antics by a host of star entertainers.

The screen attraction will be "Private Detective 62" in which suave William Powell returns to the type of role that first won him screen recognition. Once again this polished star portrays, as the title suggests, a sleuth. In this picture, Powell is a tarnished, but more interesting spy on erring wives and wayward husbands.

Masouten Camp Fire Girls Ruth Duwe

Everyone met last week with the intention of having a fox and geese hunt, which, however, did not materialize. This was postponed to this week Thursday for sure.

We decided to go to the World's Fair, Friday, June 23. Friday was picked because of the special rates to children under twelve years of age. Thus we will economize. We were also told that the Keller cottage at Lake Como would be open to us again this summer. A definite date was not decided as yet, but in all probability it will be the first week in July.

We will have the fox and geese hunt for sure this week Thursday, so be sure to be there. The committee are as follows: Adelina Busse and Virginia Wallentin, who has assured us, we will have a good time.

Lake Zurich Takes Free Hitting Game From Mt. Prospect

The Mt. Prospect A. C. ball team dropped a game last Sunday to the Lake Zurich team with a score of 18 to 15, on the winners' home grounds.

The game was a wild one because of the wind which made the pitchers' best efforts seem like pre-season stuff. Taken altogether, the words of the A. C. team manager, Walter Kirchhoff, it was a "wild and wooly game." Without appearing to offer any alibis, the local team was handicapped by the absence of two of the regular players, which put two less experienced players in the game, and made it necessary for the team to put up a harder fight to keep up to their regular gait.

At the end of the fifth inning the score was 11 to 1 against Kirchhoff's team, and the 7 runs brought in at their half of the sixth inning showed they had the fight, but they failed to keep up the pace, though seven more runs were brought in before the end of the game. The hitting record was in favor of the local boys, with 20 to the Lake Zurich team's 12, but the Zurich boys made better use of their placements. Ham Haas and Henry Holste lead the A. C. team in hitting with 3 hits each. Al. Hasz, Jim Gahlbeck and Earl Cossman all had a chance in the pitchers' box.

Morton Grove Next The team plays the Morton Grove team at Morton Grove next Sunday, and another hard game is promised. Al Hasz is scheduled to start on the mound. Local fans who are following the team's work will be interested in running over for the game which starts at 3:00 p. m.

## Bring Out The Liniment; War's About to Begin

### Would-be Bushers Hurt! Defies as Soft Ball League Opens

Announcement and Challenge: The indoor baseball team from the East Side of the Village, District Number 3, whose ball diamond is located at Busse Avenue and Louis street is playing a game each Wednesday evening during June. Visitors are welcome.

To give the home folks a treat the East Side team hereby challenges any team from any other District, with either slow or fast pitching. That's saying a whole lot, but we are ready to play ball. (Signed) Walter Bach, District 3 Director.

With the above the Community baseball season is declared opened. The East Side team has won its spurs, and is ready to enter the race for supremacy, if any race develops. The central committee under the direction of Mr. E. D. Baskin, has not as yet arranged schedules for regular games between Districts, and the plan is that for the time being the teams will follow their own courses, to get as many playing and enjoying the fun and the exercise as possible.

The original and general plan is being kept in mind, which is to get as many in the game as care to take part. It is not intended to develop primarily the best teams that can be arranged, but to develop the spirit of play, encourage neighborly cooperation in this play, and to encourage everyone to partake of the benefits of exercise in an organized way.

Come On Gang—Let's All Play

All five Districts are now playing, and the evening that has been generally accepted as the most suitable is Wednesday. No invitations are necessary to get into the play. The ability to play ball is not a requirement—the only necessary qualification being the desire to take part in some fun with the other fellows in the neighborhood. No matter how rusty or how inexperienced anyone is they will find someone else in the game that

can miss easier ones, at the bat or in the field. There will be some consolation in that, and there will be no embarrassment.

Where To See Action

The District 1 team is playing in Prospect Manor, on the west side of the village, at Eastwood and Thayer streets.

District 2, in the central part of the village, is playing on the ball diamond at Busse avenue and Owen street.

District 3 plays, as Mr. Bach has announced, at Busse avenue and Louis street.

District 4, on the south side plays at Wille street and Shabonee.

District 5, also on the South side, west of Elmhurst road, plays at Lincoln street and Ioka.

Cheer Leaders Wanted

Those who are pushing the playing in the five districts do not have time to go out after players, and they should get support from those in their districts to make this activity a success. For those who do not play the games will be enough fun to watch to pay for the time, and the effort of going to the diamond for the evening, and possibly a little encouragement to the players. There will be a game on some of the diamonds every Wednesday evening.

## MT. PROSPECT POST NO. 525 LEGIONNAIRE

The American Legion local post of Mount Prospect want to take this opportunity to give credit to an organization that is really doing a wonderful work and that is the American Legion Auxiliary of Mt. Prospect. Because they do not tell every one of their work and just go about it as a duty it is often overlooked or forgotten. They more than any one else, have kept faith to the Legion promise to take care of the disabled soldiers. Week after week they go to both Elgin and Hines hospital, they not only give things to eat, cigarettes, etc., but they work at times hospital by writing letters, answering questions and helping the boys in every possible way. We ask the people of Mount Prospect to remember that every cent taken on Poppy Day and the money you spend at their really refined affairs, is used and used as it should be for our disabled comrades. We, of the Legion, hope the citizens of our own community will know this auxiliary of ours as we do and appreciate their work for such a fine ideal.

On next Monday night the local post will play a game of outdoor indoor ball against our scout troop at the Community hall. After the game, which is to start at 7 p. m., the post will hold its regular meeting and that will be followed by having refreshments, together with our boy scouts. Every member should turn out for this ball game as we can hardly afford to have them beat us. Visitors to ball game are welcome, but if you laugh at some of the old boys, remember they are doing their best, but the muscles are not what they used to be.

Auxiliary The regular meeting of Mt. Prospect Legion Auxiliary was held at the home of Mrs. Floyd Hidding. Donations of money were sent to the Girl Scouts at Normal, so they may attend camp this summer, also to the Department Loan Fund for children of the ex-service men.

District meeting Thursday, June 15 at Des Plaines. Be sure to attend. A short flag program in charge of Mrs. Florence Luckner was the attraction of the evening. Mrs. Wilder gave a reading on

"Our Flag" and suitable games were played, prizes going to Mrs. E. Wolf and Mrs. Ann Wallentin, after which refreshments were served by the hostesses.

Junior Auxiliary meeting Friday, June 23, at the home of Miss Irene Bolton an attractive program has been arranged by a special committee of Juniors, so don't miss it.

The Legion Auxiliary are sending silk stockings, jig saws and clothes to Hines hospital Wednesday. Mesdames J. Verret, R. Kent and A. Bernhard are taking them Wednesday.

Two pitchers were used by the Chicago team and the local boys collected a total of 19 hits from them. Marten, for the Juniors stayed in the entire game and held the post to 8 hits. Herb Froehling and George Nofke together accounted for 8 of the 19 hits. Herb got five singles for his five times at the plate, which is a percentage hard to beat. George got two triples and a single in his five times up.

Varsity Nine Here Next Next Sunday's game will be on the home grounds, against a strong team from Chicago, the Varsity Nine, which is not in the Lutheran League. The Juniors, however, are out to take this team over and whether they win or not, it will be a good game, and a close one, from the indications.

The Sunday following will be the picnic of the St. Paul's church and the game, scheduled with the St. Luke's team, will start at 3:30, which is later than usual, in order that the program of children's games and contests can be finished before the game starts.

## LESS THAN 3 CENTS WORTH OF GAS

## COOKED THE STRAWBERRY JAM THAT

## FILLED THESE 18 LARGE GLASSES

Have you ever wondered how much gas it takes to make strawberry jam? We measured it to see. And found that we used less than 3 cents' worth to cook 6 quarts of berries (2 quarts at a time) or enough to fill 18 glasses.

Strawberries are cheap. Sugar prices are down. No wonder a lot of strawberry jam is going to be made this year!

# COUNTRY CLUB GOLF COURSE IS COMPLETED

## One of Finest 18 Hole Courses in Vicinity; Fees Lowered

The work of building the golf course of the Northwest Hills Country Club has been completed, and the course is now 18 holes, although the entire course is not being played as yet. The arrangement is such that players can continue for the time being, to play the original nine holes, or can play the full eighteen, using the temporary greens. The weather has delayed the permanent greens, which will be available within a few weeks, at which time the course will be rearranged for the improvement of the course.

The work that has been done does not consist merely of the addition of nine holes. Eleven new greens and fourteen new tees have been made, and the rearrangement, when completed, will call for the crossing of Weller Creek five times. The original nine holes calls for six crossings. The first nine holes of the new course will involve only one crossing of the creek, which will improve the course particularly for twilight playing when there is not time enough for the entire course, and poor light for following the balls. It is planned later to make a further rearrangement which will eliminate two of the remaining Creek crossings, so that

there will be only 3 crossings for the entire 18 holes.

The course when completed will be one of the best arranged in this part of the country. One hole, the seventh, is a terrace green, which is a very sporting feature, provided on very few courses. The grass planted on the greens is the Washington strain of creeping bent, which was obtained from Indianapolis. In order to save time, and insure greens of the highest quality, the stolons were brought from Indianapolis by truck at night and planted within less than 24 hours after they were cut. It is expected that further work will be done this fall and next spring on the course, particularly in the planting of trees. The improvement and expansion of the course this spring has been done by the Prospect Park Country Club Trust, under the direction of Mr. A. C. Wallentin.

The Northwest Hills Country Club has been and will be operated as a private club, and non-members who play will do so as guests of members of the club. Fees for such guests have been established at very reasonable rates. A very attractive annual membership plan has been worked out, which gives full privileges of the club to man and wife on a joint membership basis.

The Club Trust is completing at the present time, also, two of the finest tennis courts. These are being tiled drained, and provided with a 12 inch clay surface.

It is expected that by the Fourth of July the full golf course will be available. During the latter part of the summer there will be a number of tournaments played on the course, which, when fully turned over for play will undoubtedly be very popular one with the members of the club, and their friends, who will be enabled to make use of it through guest privileges.

has been erroneous. It was announced that a 25 per cent cut had been made in the assessed valuations throughout the country towns but the present assessment has brought to light thousands of cases where the assessed valuation was 20 per cent higher than the previous assessed valuation.

The association believes that the only way a just assessment of property can be effected is to have a local man acquainted with local property valuations fix a fair value on the property.

This assessment should be final and subject only to equalization with other sections of the country by the Board of Appeals. It is proposed therefore to request legislation making the assessor supreme in assessments of local properties with the right to return his rolls direct to the Board of Appeals for adjustment and equalization.

The local influence which the collectors could bring to bear upon taxpayers in their own localities would bring about a more prompt collection of a larger portion of the taxes levied, it is claimed by the proponents of this legislation.

The cost of collection of taxes would be less and better service could be rendered both to the taxpayers and to the taxing bodies whose existence depends upon the prompt payment of funds whereby they can operate.

The following arguments are given for such changes:

1. Surveys show that collection of taxes by the county collector costs three times as much as collections by local collectors.

These surveys showed higher collection fees allowed by law, loss of interest caused by delay in proper distribution to the many taxing bodies, the unwieldiness of office operations and audits.

2. Local collectors would expedite collection of taxes due from their respective communities and the distribution to the taxing bodies and could bring more influence to bear for the collection of taxes more fully and promptly.

3. Local collectors and assessors are more familiar with local conditions and therefore can see that any injustices unwittingly done local citizens are corrected promptly.

4. The general public's convenience would be enhanced by local collectors and assessors, and the judgment of one familiar with local real estate values and real estate conditions in his home community bring about a more equitable assessment of property.

If collectors and assessors were now in authority as proposed by the Suburban Area group there is scarcely a town in Cook county that would not be much nearer to a cash basis than at present. One drawback to a cash basis is the fact that Cook county is a year behind the rest of the state in tax collection, through no fault of the country towns, but due to a reassessment dispute in Chicago. Had a local collector and assessor been in power in the country communities this emergency could not have affected them.

It is not the claim of the Suburban Area Association that the present collection system under the County collector's office is not as efficient as is humanly possible. It contends that the number of taxing bodies for which the County collector now collects a major portion of the taxes is too many for any organization to collect and distribute as expeditiously as local collectors could do for the same taxing bodies.

Placing the collectors on a salary basis, salaries to be fixed by the community or its authorities, would more than pay (under the present fees for the collection of property taxes) for both collectors and assessors and thus save money for the taxpayers.

Collection of special assessments long delinquent will be treated in a later statement by the association.

**To Swat the Farmers For Chicago "Relief" New Sales Tax Looms**

Springfield, June 14.—Sen. Simon Lantz (Rep.) of Congress, says that if the new two per cent sales tax, backed by Gov. Horner and the Chicago machine, is passed in addition to staggering taxes on their land, farmers will pay enormous sums on commodities and supplies which they alone as a group buy. He bases his figures on the United States census of agriculture of 1930, as follows:

Hay, grain and mill feed sold to consumers or feeders, value, \$35,973,465; two per cent tax, \$197,469.

Fertilizers, value \$3,593,825; tax, \$71,876.

Farm implements, machinery, autos, trucks and tractors, value, \$34,332,341; tax, \$686,646.

The total value of these purchases is \$73,899,631 and the annual tax would be \$1,477,991.

"This does not include," said Sen. Lantz, "livestock sold by one farmer to another, or public farm sales. Neither does it include provisions, clothing, medicines, etc., which the farmer also buys."

"I have introduced five bills to let every locality in the state take care of its own poor without taxing the rest of the state. These measures are permissive and not compulsory. If they are rejected it will prove Cook county is not interested in paying its own just relief debt, but wants downstate to do it."

Under the proposed sales tax law, the farmer's wife who sells eggs, poultry, or butter would have to collect and turn in the tax and also keep a set of books open for inspection of state tax inspectors at any time. The sales tax battle is raging in the legislature this week.

"The ballyhoo about the sales tax being a 'replacement tax' is like an ear of corn tied to a stick and dangled before an unwilling mule," says Sen. N. M. Mason, (Rep.) of Oglesby, "It makes the mule run like the mischief, but he never gets the corn."

**National A. C. Bow To Prairie Farmers**

The Prairie Farmers of Orchard Place defeated the Nationals by 3-2 in a very close contest. The victory was responsible by the Farmers' battery of the well known Frank and Milton, who each collected a pair of hits which accounted for all the runs. The victory was the fifth of the season in six games and the second win over the Nationals.

Sunday, June 18, the Prairie Farmers play Niles Center promptly at 3 o'clock at the Farmers' home diamond located at Higgins road and Devon avenue, which will be a very interesting game. Come out and root for the Farmers.

**Lee Tracy on the Roosevelt Screen**

"The Nuisance," with Lee Tracy as a high pressure, ambulance chasing shyster lawyer in a whirl of comical and exciting adventures, is the attraction now at McVickers Theater.

Tracy plays a shyster lawyer whose trumped-up law suits are costing a street car company a fortune. A girl detective is set to trap him, but instead falls in love with him, and finally marries him so that she won't have to testify against him. She is jailed as perjurer, but the clever shyster stops traffic by legal technicalities until he rescues her.

Madge Evans has the leading feminine role as the girl detective, and the cast also features Frank Morgan, the amusing Charles Butterworth who plays Tracy's partner in crime, John Miljan, Virginia Cherrill, David Landau, Grete Myer, Herman Bing, Samuel Hinds and Syd Saylor.

**Dunn and Eilers In McVickers Film**

"Hold Me Tight," the new Fox romance that brings together again the popular team of James Dunn and Sally Eilers, is now at the Roosevelt Theater. It is the fifth picture in which these two young stars have appeared together since their rise to prominence in the unforgettable "Bad Girl."

The story of "Hold Me Tight" is said to have been especially adapted to the individual talents of Dunn and Miss Eilers, in order to bring out the abilities they have shown themselves to have in their past screen plays. It traces the romance of a young boy and a young girl who, over insurmountable barriers and the unscrupulous dealings of others, rise to realize their own love.

The cast in support of Dunn and Sally Eilers is headed by Frank McHugh, comedian, and June Clyde, already one of the most popular of the younger screen stars.

**"I Cover the Waterfront" Now at United Artists**

Screen actors have found themselves in many strange situations during the filming of pictures in Hollywood's history, but no assignment ever was so bizarre as the experience of a group of Chinese atmospheric players in "I Cover the Waterfront." The picture is now at the United Artists Theater.

They were paid to be modern Jonah only instead of whales. They were sewed into the bodies of huge dead sharks.

This fantastic situation, which in reality is not as fantastic as it sounds according to authorities who for years have been combating the smuggling of Chinese into California, was necessary to fit the story action in the picture based on Max Miller's best-selling book.

**Barrymore and Wynyard In Film at Oriental**

John Barrymore goes from the extreme of dashing uniform to tatters in his latest screen role as the romantic Archduke Rudolf in the talking picture version of "Reunion in Vienna," now at the Oriental Theater.

In the spectacular palace scenes of the picture Barrymore is resplendent in imperial costumes of the old Austrian regime, gold-braided and emblazoned with medals. Other episodes show him in chauffeur's garb, Alpine outfit, rags of poverty, and in one hilarious moment—in shirt tails.

Diana Wynyard, who recently won acclaim for her brilliant performance in "Cavalcade," plays opposite Barrymore in the photoplay version of the noted Robert E. Sherwood success.

## Adornment of Grounds Should Be Included in Rural School Advancement

By OTTO F. AKEN  
In the general expansion of our rural schools, particularly with reference to their achievement projects, there is one form of neglect that I deeply deplore. I refer to the failure to beautify school grounds.

Whether a school be large or small it is not keeping abreast of the times unless the premises reflect the growing skill and taste of the public in floriculture and gardening generally. It seems to me the schools of rural America should actually lead the country in the matter of ornamentation of grounds.

There are laudable sentiments in our history and practical views in the home life of the majority of people which can well be expressed in the beautification of school premises. The rural schools will be performing a public service of great importance if they help young people to understand the correct principles of flower growing and some of the related methods of farming. Here are a few suggestions as to the aims which should govern all efforts along the lines indicated:

How may we adopt a well-balanced floral program?

Can the native wild flowers aid the plan under consideration?

May shrubs be used in such a way as to enhance this ornamentation?

Is it not practical to select plants in such a way as to secure a longer season of bloom?

Is it not proper and important that pupils receive a certain amount of specific instruction on these subjects?

Would it be best to combine a limited amount of vegetable growing with the teaching of ornamentation with flowers?

Is it feasible to select a committee for each semester to manage the beautification of grounds and

buildings, awarding prizes yearly?

In my study of this subject I have been led to favor the competitive use of the teacher or principal choosing committees to manage the work alternately, with an award of prizes yearly. Flowers or shrubs in the schoolroom might be a feature of the project. I strongly favor the liberal use of ornamental shrubs, as they can be so planned as to afford pleasure at all seasons. Native shrubs are in general favor because they are dependable, and it broadens a young person's knowledge to know how to use them to the best advantage.

Many schools in Cook County regularly give time and study to horticulture, with excellent results, and yet the fact remains there is little or no effort toward beautifying the grounds in such a way as to adequately express the benefits gained. Pupils show their knowledge in various garden projects as part of the achievement work, but we miss a great educational advantage when we neglect to put some of our skill and good taste into making school surroundings beautiful and inspiring.

Natives To Be Preferred

I would like to emphasize the wisdom of cultivating native wild flowers and shrubs in connection with the rural schools. Illinois needs an endless amount of this interesting work. Projects may start ever so small, but they should be pushed forward in an earnest and definite way. This will be a fascinating experience to enlarge the program from year to year. It will be a worth-while effort in every community.

As to other flowers and plants, I like to think of the rural schools developing their own projects, but I most earnestly wish to see a start made in hundreds of districts where the subject has so far been neglected.

## CONSOLIDATED ELECTIONS ISSUE CONTINUES HOT

### Country Towns Association, Party Bosses, on Opposing Sides

The Suburban Area and Country Towns Association leaders were rejoicing in the fact that the Rensick bills which were designed to combine all the local elections with the county, state and national elections in November under the guise of economy were withdrawn by their sponsor, Representative W. Rensick, Republican of Buda, after the hearing on these bills held last Thursday.

The metropolitan press of Chicago which has given little or no attention on the battle of the association and its country town leaders against consolidation legislation gives a portion of the credit for the withdrawal of the bills to the country towns' opposition to the measure. This was expressed in a letter sent to Representative M. F. Hennery, chairman of elections committee of the house. It was in response to a letter sent to the various mayors of Cook county calling for a hearing on House Bills 365 and 379.

Some of these were turned over to the association with the result that a conference was called and the measures were opposed and the committee so advised.

#### New Menace Arises

However, a Chicago daily reports that a conference Tuesday of Gov. Horner with Boss Pat Nash, Chicago Democratic national committeeman in Cook county central committee chairman with other leaders in the Governor's office, have decided on consolidation of local elections and will support a bill by Miss Josephine Perry (Rep.); the bill to be called back to second reading and amended, so as to provide for such consolidation.

In a letter to Chairman Hennery, Secretary Dittus set forth the following objections to these House Bills 365 and 379:

First. The control of local election machinery would be taken away from the several communities and vested in the county.

Second. Non-partisan elections of local officers, which is now the rule, would be wiped out and local issues would be involved in National, State and County affairs.

Third. National political parties dominated by committees outside the local communities would seek political control of local candidates and officials.

Fourth. Local affairs can best be handled by non-partisan groups and this can be best promoted by separate elections, especially in view of the large ballots necessary for national, state and county elections.

Fifth. Precinct lines extending beyond the corporate limits of the various voting districts would lead to endless confusions for the voters in the smaller communities.

Sixth. The burden placed upon the judges and clerks of election in making separate returns to the various municipalities would be too great for them, and lead to confusion and error.

Seventh. There would be very little economy for the suburban communities in this proposed consolidation plan and, in our opinion, the evils which would follow the passage of these bills would cause the small measure of theoretical economy to be purchased at too high a price.

Chicago attorneys representing the two major parties, Attorneys Cornelius Harrington for the Democratic party and John F. Tyrell,

advisor to the Republicans, contended the bills missed their purpose by a limit of scope.

They also contended that at least twenty bills would be required to guarantee consolidation. If the bills were amended to permit the committee to report its findings to any special session of the Assembly, the cumbersome series of consolidation bills changing long existing park, school and township acts could be drawn in time for passage before April, inasmuch as a special session in the late summer or fall seems certain.

The metropolitan press said: "Governor Horner has favored consolidations as an economy measure and the probabilities of his including the subject in his call for a special session are considered good."

#### Country Towns Defiant

While this may be true Governor Horner has already gone on record as not being willing to approve any legislation which takes away local rights without submission to a vote of the people affected. This the Chicago metropolitan proponents of consolidation know they can never put over on Suburban Cook County towns.

The association will undoubtedly continue to protest against the passage of these bills, if, as suggested, they are presented again at a special session of the legislature.

President Walter P. Saunders with the approval of the Executive Committee named the following Program committee to plan a constructive program of legislation for presentation to the next session of the legislature, as decided at the last meeting of the committee: O. G. Barrett, Arlington Heights; President Charles F. Baumrucker, River Forest; Village Attorney Jacob E. Dittus, Maywood; Mayor J. W. Mahaffay, Palos Park; Mayor William A. McKee, Park Ridge; Mayor Frank Novotny, Berwyn; W. F. Walkowiak, Summit, and Joseph Inburgio.

#### AT THE CATLOW

The Catlow theatre, Barrington, is presenting the popular Zane Grey western story, "Under The Tonto Rim," this Friday at bargain night prices. For Saturday, Geo. Arliss is scheduled to appear in his latest production, "The Working Man."

In this picture, Mr. Arliss, who is a millionaire, assumes the role of a fisherman to save from ruin those he loves.

Ramon Novarro in "The Barbarian" will be the feature offering at the Catlow Sunday and Monday. The situations are laid in tourist Egypt, and Novarro is cast as the guide, whose swarthy complexion and crooning tunes capture the hearts of the fair travellers. A Mickey Mouse cartoon, Zazu Pitts comedy, news events and community singing complete the bill.

No picture of recent make carries the laughs that are to be found in "Horsefeathers." So many requests have been made for a return of this comedy with the Four Marx Brothers, that the Catlow is offering a reshewing Tuesday at bargain night prices.

Wednesday and Thursday nights will bring to the Catlow Bette Davis in "Ex-Lady." Miss Davis has the role of a sophisticated young woman in the New York artist colony who scoffs at the conventions of marriage, believing that love can only last with freedom. Complications arise thru this mode of life.

The Catlow offers a haven of cool comfort. Washed air floods the theatre auditorium with a change of air every three minutes, forced thru cold water. Its passage thru the theatre lowers the temperature to a point that enables one to forget outside heat.

## Geo. Sporlein Dies; Resident of Palatine Over Seventy Years

Mr. Geo. Sporlein, a farmer residing on Dundee road, east of Kitz Korner's all his life of 73 years, passed away Friday, June 9, after an illness of only four hours. His passing was a great shock to his family. He had been ailing to some extent, but none thought that the end was near. The funeral was held at St. Mary's church, Buffalo Grove Monday morning.

Deceased was the son of Mr. and Mrs. Christoph Sporlein and was born upon the farm where he died. He spent his entire life farming in connection with which he operated a threshing outfit. He was always greatly interested in matters that pertained to farming and was ready to express views that would lead to their betterment.

He was united in marriage Nov. 10, 1890, to Miss Katherine Dittrich. To them five children were born. The sons are Arthur of Palatine; Eugene of Elgin; and Walter who resides at home. The daughters are Mrs. Esther Weidner of Woodstock; Elvora who resides at home.

#### CARD OF THANKS

We desire to express our sincere thanks for the kindness of neighbors and friends and for the many expressions of sympathy received in our bereavement.

Mrs. Geo. Sporlein and Children.

## Mrs. Fridaricka Wiehrdt, Old Resident Passes Away

Another old resident of this community passed on Wednesday, June 14, with the death of Mrs. Fridaricka Wiehrdt, nee Krueger. The funeral will be held Sunday at the Palatine Lutheran church.

Deceased was born Nov. 24, 1860, in Animsheim, Prussia, Germany and was united in marriage to William Wiehrdt Oct. 14, 1880. Two years later, with an infant daughter, the family came to America, settling in Roselle. Later they moved to the Patten farm near Quinlan Corners, where they remained until Mr. Wiehrdt's death in 1905. Mrs. Wiehrdt purchased the N. Baker farm in the same vicinity, but moved to Palatine in 1917, residing in her home on North Brockway street.

She had been in ill health all winter, but had only been confined to her bed two weeks.

There remain four boys, Rudolph of Washington; Richard of Montana; Edward and Ernest of Palatine; (one son, William, preceded her in death); four daughters, Mrs. Scheck of Chicago; Mrs. Emma Ernesting of Cary; Mrs. Freda Haemker and Mrs. Erna Hildebrandt, of Palatine; 20 grandchildren; 3 great grandchildren; two sisters, Mrs. Wickersheim and Mrs. Fred Kleinschmidt of Palatine; a brother in California and a brother in Montana.

## No Funds for County Police, Force to Quit

The county highway police force of 100 men will be dismissed at the end of this month, it appeared today, as a result of the refusal of the county board to appropriate \$105,799 for their salaries for the last half of the year.

The county board in its sbudget adopted at the beginning of the fiscal year provided an appropriation to continue the force only until June 30 and Tuesday the commissioners, by a 6 to 5 vote, decided that no emergency justifying a mid-year appropriation, as requested by Sheriff William D. Meyering, existed.

Abolition of the force was decided upon when Gov. Horner announced he would detail a detachment of state highway police to work on the county's highways.—Daily News.

## Century of Progress Postage Stamps Sold

Pageant of Progress postage stamps are now on sale in 1 and 3-cent denominations. The 3-cent stamp is purple, with a picture of the odd Federal building with its three towers. The 1-cent is green with a view of Fort Dearborn.

## New Home Owners' Loan Act Is Passed

The Home Owners' Loan Act to set up a \$2,200,000,000 corporation for home mortgage relief, was signed Tuesday by President Roosevelt. In a statement issued thereafter, the President urges all who hold mortgages on homes to refrain from bringing foreclosures to pass until the refinancing provisions of the act are functioning.

The law provides for refunding of mortgages up to 80 per cent of their value; also for making cash loans on homes otherwise unencumbered, to pay accrued taxes, assessments, needed repairs and maintenance, but not to exceed 50 per cent of value. Where the holder of the mortgage will not accept bonds, mortgages can be refinanced in cash up to 40 per cent of the value of the property. Interest in the last named arrangement would be 6 per cent, and principal and interest must be paid off in 15 years. Regional agencies of the home refinancing corporation are not set up, although rules and application blanks are in preparation.

## Firemen Plan Dance For July Fifteenth

If you have not yet bought your ticket for the firemen's dance there is no better time than right now. The date is July 15. The purpose is purchase of needed equipment. No need to say more.

## Prices Are Upward Bound for Women's Clothes, Says Miss Wilke, Emerald Shop

If there were any doubts in the mind of Miss Emma Wilke of the Emerald Shop about the upward trend of woman's wear, that doubt was removed, Tuesday when she visited Chicago wholesale shops. The advance is practically one-fifth per cent. Women who have enjoyed buying the so-called \$1.00 frocks will soon be denied that privilege. Miss Wilke urges her customers to buy while present stock lasts.

The Emerald Shop is open both Wednesday and Saturday evenings each week.

The rural letter carriers of the Northern District of Illinois will have their 7th annual picnic on Sunday, June 18, at Plum Grove Park about one and one-half miles south of Palatine on Plum Grove road. National President, W. G. Armstrong and National Treasurer, J. Ed. Cooper, some of the state officers and the Hon. Leonard W. Schuetz, congressman of the 7th district are expected to be there. Bring your family and friends and a basket of lunch and have a good time. Dinner at 12 o'clock C. S. T. Come early and stay late.

Aids Alaska and Hawaii  
The Department of the Interior administers the affairs of Alaska and Hawaii.

## Devon-Milwaukee Swimming Pool Is Officially Opened

Yesterday, June 15, was to be the opening date of the swimming season at the Forest Preserve swimming pool at Devon and Milwaukee avenues.

The pool is manned with life guards and women attendants. A modern equipped first aid room is under the supervision of a nurse. The water is chemically clarified and is changed constantly. Each bather must take a soap and water shower bath and undergo inspection before entering the waters of the pool. Persons with skin blemishes are not admitted.

Friday each week will be free to adults. Children are admitted free three mornings each week: Monday, Wednesday and Friday from 10 o'clock until noon. Fees are 25 cents for adults and 10 cents for children.

The Forest Preserve swimming pools have been declared the most modernly equipped and most sanitary in the country. More than 200,000 last year dipped into the drinking water clarity of the Forest Preserve pools.

One of the most pleasing features to women and children is the sand beaches at each pool on which children can cavort and women acquire a sun tan.
